

Stephen Thornton

To Ms Jessica Shaw MLA, Chair

Thankyou for the call of Submissions on Short -Stay W A.

In my opinion its about time , So Many times senior people need to stop driving and rest .

Example I have farm in Wandering , No home so either I camp over night in a camper , on the oval , or drive to Narrogin , or to Perth Armadale where I do have a home .

But sometimes my family wish to come with me , This is a 2200 acre full working farm. By the time you have done a hard days work with livestock, or General farm work, It would be nice if one could take their family into town 5 kms away and have a shower and nice home cooked meal , this would save me 3 hours per day travelling , Also any casual staff , they could use these short stays also ,

Their is nothing in Wandering , So I would like either some Local people supply B/B Short stay , or a Motel built in town , Thats my thoughts .

Kind regards Stephen Thornton
