Subject: No to shooting animals in WA

Dear Ms Mesiti,

I am very disturbed to hear that the West Australian Government is proposing to allow hunting for 'sport' .

I object strongly on the grounds of animal welfare as many animals will suffer and in many cases die a slow painful death.

There is also a huge risk to other people and also other animal species who are not the target of the shooting .

I am very much opposed to the use of guns anyway and to allow people who are not expert marksmen to have control of a weapon with the express purpose of killing innocent creatures concerns me greatly.

I am extremely unhappy with this proposal.

Sincerely,

Julia Carryer
