I AM AN AGED PENSIONER, RELYING ON CENTRELINK PAYMENTS TO PAY MY HOUSEHOLD COMMITMENTS.

I USE A VERY SMALL AMOUNT OF WATER, BECAUSE I AM AWARE OF INCREASING PAYMENTS.

I OWN MY OWN HOUSE & MANY YEARS AGO REDUCED THE GARDEN SIZE DRAMATICALLY, TO REDUCE MY WATER USAGE & WATER BILL, FURTHER.

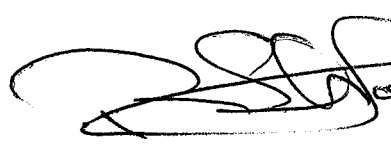

HOWEVER, SINCE THE INTRODUCTION OF A CHLORINATED WATER SUPPLY, I HAD A NEED TO CONSTANTLY FLUSH THE PIPES TO REMOVE DIRTY SMELLY WATER & EXCESSIVE BUILD-UP OF CHEMICAL ADDITIONS.

DURING THIS PROCESS I HAD TO PURCHASE BOTTLED DRINKING WATER.

MY INVOICE FROM BUSSELTON WATER INCREASED DUE TO THIS EXCESSIVE FLUSHING REQUIRED, TO OBTAIN CLEAN WATER FOR SHOWERING & WASHING CLOTHES ETC.

I FEEL THAT BUSSELTON WATER SHOULD COMPENSATE ME & ALL OTHER USERS FOR THIS FLUSHING PROCESS WHICH SHOULD HAVE BEEN A PROCESS & COST FOR THEM - NOT US.

EVEN NOW, SOME MONTHS AFTER CHLORINATING & FLUSHING HAS OCCURED, THERE IS A NEED SOMETIMES TO PURCHASE BOTTLED WATER FOR DRINKING, AS THE WATER FROM MY HOUSEHOLD TAP IS UNPALATABLE.
