**PETITION IN RELATION TO THE DEVELOPMENT OF THE GREENPATCH, DALYELLUP, WESTERN AUSTRALIA
[LOTS 9105, 9076 AND 8019 DALYELLUP PLAN NUMBER 11453P-SP-04B]**

To the President and Members of the Legislative Council of the Parliament of Western Australia in
Parliament assembled.

We the undersigned are opposed to the development of the Greenpatch (Structure Plan 11453P-SP-04B –
Lots 9105, 9076, 8019 Dalyellup).

The Greenpatch is a natural buffer zone to the former titanium waste residue disposal facility (WRDF) which
poses major ongoing health and environmental concerns. We are particularly concerned about toxic waste
and leachate from the adjacent waste disposal facility, loss of quality tuart bushland and impacts on
threatened species. The Greenpatch is a natural buffer zone that will provide the residents ongoing
protection from the WRDF as well as a vital corridor linkage for flora and fauna.

We therefore ask the Legislative Council to support measures to stop the development of the Greenpatch
(Structure Plan 11453P-SP-04B – Lots 9105, 9076, 8019 Dalyellup) and to recommend the area be ceded into
the Shearwater Tuart Forest to form part of the Preston River to Ocean Regional Park.

And your petitioners as in duty bound, will ever pray.
