PETITION IN RELATION TO THE REDEVELOPMENT OF LAVERTON HOSPITAL

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia support a redevelopment of the Laverton Hospital to a fully functioning multi-purpose health service so that it is better able to deliver primary health care to Laverton residents, residents of surrounding communities and mining operations.

We would like to note the deterioration of the hospital since its last upgrade in 1973.

Your petitioners therefore respectfully request the Legislative Council to support the residents of Laverton and surrounding communities in their request for a hospital redevelopment which will provide a fully functioning multi-purpose health service.

And your petitioners as in duty bound, will ever pray.
