REPORT

of the

ROYAL COMMISSION

on

Local Government Bill.

Presented to both Houses of Parliament by His Excellency's Command.

[SECOND SESSION OF THE TWENTIETH PARLIAMENT.]
REPORT OF THE COMMISSIONERS ON THE LOCAL GOVERNMENT BILL.

To His Excellency the Honourable Sir James Mitchell, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor in and over the State of Western Australia and its dependencies in the Commonwealth of Australia.

May it Please Your Excellency.

Having been commissioned on the third day of February and the nineteenth day of May, one thousand nine hundred and fifty, to examine and consider the "Local Government Bill, 1949" and to report thereon with a view to the subsequent redrafting of the Bill, as more fully set out in the gazetted Terms of Reference (as shown in the appendices hereto which are marked "I" and "2" respectively), we now have the honour to report as follows:

1. Action taken by your Commissioners.

(a) On the 27th day of February, 1950, a circular letter was despatched to every local authority in the State, inviting the submission of evidence on the Bill.

(b) On the 6th day of March and the 21st day of June, 1950, notices were inserted in the daily press inviting interested members of the general public to submit evidence.

(c) Most of the Government departments were written to, asking that they present evidence on any aspect of the Bill which affected them, an invitation which was accepted by a considerable number.

(d) We held our first public sitting at Parliament House on the 3rd day of April, 1950, and continued until the 13th day of July, 1950, holding sixteen public sittings in all.

(e) Sixty witnesses were examined, as listed in appendix marked "3".

(f) We then sat in private to consider the evidence and also the suggestions forwarded to the Local Government Department last year when the Bill was before the House, the first sitting being held on the 25th of July and the last, the 14th, being held on the 24th of October, 1950, when this report was completed.

At some of the earlier public sittings we had the services of Mr. C. B. D'Arcy, Crown Law Department, who attended in a watching capacity.

2. The Report.

Except where otherwise stated, the report is the unanimous opinion of the members of the Commission. In preparing our report we have had regard to the evidence presented to us and the recommendations are in general based upon this. The personal opinions and predilections of the members of the Commission have not been allowed to override the weight of evidence submitted, except where this is clearly shown.

3. The Evidence.

The evidence given was really an expression of opinion upon the Bill and for the greater part the evidence given was from representatives of local authorities, the exceptions being representatives of various departments, representatives of the Officers' Association, certain organisations such as the Henry George League, the Institute of Architects, Institute of Engineers, the Institute of Chartered Accountants, the Health Inspectors' Association, while one witness, Dr. Merab Harris (Lecturer in Public Administration in the University of W.A.), dealt with the broad aspects of the principles of Government and Local Government which should be considered in dealing with a Bill of this description, and four other persons appeared purely as ratepayers.

Most of the evidence was of a constructive and helpful nature but there was a little which was not intended to be helpful except in the negative sense of aiding in the defeat of the Bill. Evidence was in some cases ill-informed and in examination certain objections were withdrawn as the witness obtained a clearer picture of both the Bill and the existing law.

Some of the evidence was contradictory, some witnesses strongly supporting the direct opposite of that advocated by other witnesses. In this way the different viewpoint of road board members and municipal council members was often made manifest.

Of those giving evidence as ratepayers, each had in mind some particular abuse or
problem and the evidence, although not unhelpful, was not sufficiently comprehensive to represent the views of the ratepayers as distinct from their elected representatives.

No representative of the Committee which prepared the Bill appeared to give evidence concerning that work, although three of the persons concerned appeared in other capacities, while the Secretary for Local Government, Mr. George S. Lindsay, gave details concerning the origin of the proposal.

We therefore formed our views on the preparation of the Bill from such few references as these made and the facts already made public generally.

The City of Perth gave evidence through the medium of Messrs. John Hale (City Solicitor), W. A. McI. Green (Town Clerk), H. W. Taylor (City Treasurer), C. S. Paterson (City Engineer), S. Law (Chief Health Inspector), V. H. Dawe (City Valuer) and A. G. Sloane (City Building Surveyor).

Mr. Hale dealt chiefly with drafting defects and the rest of the witnesses dealt with policy matters.

On behalf of the City of Perth it was argued that there should be separate provisions made in the Bill for the city in certain cases.

After mature consideration, we are of the opinion that it is unnecessary for there to be a special Act for the City of Perth, apart from the various special Acts in operation at present. We agree, however, that in certain cases special provisions may be necessary for the city and in one or two instances our recommendations make such special provisions.

So far as the matter of the Bill is concerned, the City of Perth raised strenuous objection to the degree of Government control envisaged, and also objected strongly to the idea of triennial elections as well as to the audit provisions, but otherwise its objections were not fundamental, many of the alterations suggested being to clauses which have been copied unaltered from the existing Municipal Corporations Act. One helpful suggestion made was that instead of the Governor being able to supersede a council he should be empowered to compel an election, a suggestion which we have recommended for inclusion in the Bill.

The City of Fremantle and several other municipalities were a little doubtful of the practicability of successfully combining the two Acts but made suggestions for modification of the Bill to assist in achieving this end. The Country Municipal Councils' Association, on the other hand, favoured the amalgamation of the two statutes.

The eastern ward of the Road Board Association submitted evidence through Messrs. S. A. Lundy, A. W. Latham, W. P. Forrester and F. A. Law. This ward had been extremely critical of some aspects of the Bill at an early stage but had greatly modified its opposition before giving evidence, although stoutly maintaining its objections to the degree of Ministerial control contemplated by the Bill.

The ward accepted the principle of triennial elections but rejected the presidential election method proposed, asking that the existing practice of the president being elected by and from his fellows should be continued, but that on election to the higher office he should vacate his seat as a ward representative, and the vacancy should be filled by extraordinary election.

The ward asked for the title of "shire" instead of "district" and while feeling that this is not a vital matter, we have accepted the view that it might tend to lessen the confusion with other organisations using the name "district council" in their title, and would also admit of the use of the word "district" as a generic term for all areas.

The ward also made several helpful suggestions for the right of veto of certain actions being specifically given to the ratepayers rather than being exercised by the Minister.

The Great Southern ward gave evidence through Messrs. J. M Bartley and D. Muir.

This ward rejected the system of triennial elections and the method of electing the president and complained of the degree of Vice-regal or Ministerial control. Chiefly, however, the evidence submitted was designed to correct anomalies and was based on the lines of the report of a Committee of Road Board Secretaries which had reported in June, 1949.

The Country Municipal Councils' Association opposed triennial elections and complained of the degree of Ministerial control suggested but made a number of valuable suggestions to improve the Bill.

On behalf of the Local Governing Bodies Officers' Association evidence was given by Messrs L. R. Latham and H. L. McGuigan, and also by Mr. W. B. Chester as representing officers in the Eastern Ward, and dealt with the Bill chiefly from the viewpoint of the effect upon the officers.

The Institute of Engineers asked for express provision in the Bill that qualified engineers must be employed.

The West Australian Chapter of the Royal Australian Institute of Architects gave evidence in support of the view that either a separate building Act should be prepared to cover all building activities or provision made for uniform Building Regulations. The Chartered Institute of Accountants gave evidence in favour of the retention of the system of electing auditors to municipalities.

It was noteworthy that despite earlier statements that the Bill was inadequate in its content, there were comparatively few suggestions for additions to the Bill which would extend the powers of local authorities.
4. The Preparation of the Bill.

The evidence revealed that the Bill was prepared by a representative Committee, comprised as follows:—

The Town Planning Commissioner as Chairman.

A representative of the Metropolitan Local Government Association.

A representative of the Road Board Association.

A representative of the Local Governing Bodies Officers’ Association—assisted by, an officer of the Local Government Department.

We appreciate that the Bill was not an attempt to draft a new and completely comprehensive Bill to cover all aspects of Local Government, and in fact in the time available to the part-time Committee concerned, the preparation of such a Bill would have been quite impossible. We recognise that the Bill was an attempt to combine the two principal Acts—the Municipal Corporations Act, 1906-1947, and the Road Districts Act, 1919-1948—and that the Committee had seized the opportunity, where there was need to choose between conflicting provisions, of making a number of alterations and innovations which had been calculated to improve the law in this State.

There can be no doubt that the Committee, knowing the Road Districts Act to be a more recent piece of legislation, and knowing also that the Road Districts Act expressly over-rode the Municipal Corporations Act, had often chosen the appropriate Section of the more recent Act when it was necessary to make a choice, although the form of the Municipal Corporations Act was followed in the preparation of the Bill.

That the Committee had not only had little time to examine the complete implications of certain of their alterations, but that only a limited amount of legal assistance had been received, was made evident when the Bill was carefully examined. It was also evident that the proof-reading had not been as efficient as it should have been, there being a large number of errors in this direction.

Mr. John Hale, City Solicitor, on behalf of the City of Perth, dealt very caustically with the drafting of the Bill, criticising not only errors of drafting and proof-reading, but also the failure to have corrected in the Bill certain things which had previously existed in the Municipal Corporations Act.

Much of the Mr. Hale's criticism was of a helpful and constructive nature, with a view to ensuring that any redrafted Bill would be more satisfactory. To this end he suggested that an advisory committee, constituted somewhat on the lines of the Commission, would be helpful, but that the actual drafting should be the work of a skilled draftsman, a view which we accept, and we recommend accordingly.

Nevertheless, the majority of those giving evidence had little fault to find with the general principles of the Bill, apart from a few special features. Those giving evidence appeared to realise that the Minister for Local Government had accepted the Bill as representing in general the desires of the Local Authorities and had, after deleting only a few items which were not acceptable to the Government, brought down the Bill as a genuine effort to improve the position of Local Government in this State.

5. The Main Grounds for Objection to the Bill.

Those giving evidence held conflicting opinions on many items but it soon became evident that certain provisions in the Bill were very strongly opposed, the chief of these being—

(a) the degree of control by the Minister or the Governor in Council which the Bill sought to impose;

(b) the system of a triennial election for all members of the council instead of an annual election of one-third of the members;

(c) the system of the president of a district council being elected by the ratepayers rather than by and from the councillors (as is at present the rule in road Boards);

(d) any alteration of the existing franchise of either type of local authority.

There were 301 clauses of the 728 to which no exception was taken, while objections to many of the other clauses were of no real consequence.

6. Objections to Ministerial Control.

Although a number of the requests made actually involved an increase in Ministerial control, and one or two giving evidence stated that they were not concerned over this aspect, practically all those representatives of local authorities who gave evidence objected very strongly to the degree of control which the Bill provides.

We are quite satisfied that there was no ulterior or sinister purpose behind the apparent increase in the powers to be possessed by the Minister or Governor. We are of the opinion that the trouble was due to the fact that the more modern Road Districts Act had been used instead of the older Municipal Corporations Act. This Act having been accepted as the more recent expression of the opinion of the legislature, the
local authorities, and the public, apparently the Committee did not eliminate from provisions culled from the legislation of other States those Ministerial controls which existed therein. Moreover, as some of the new powers to be exercised by local authorities are somewhat novel, and are capable of being very widely interpreted, the Committee apparently felt that, during the “experimental” stages at least, some control would be necessary. Possibly, if they had been drafting an entirely new Bill instead of merely amalgamating the two main statutes, the members of the Committee would have given more attention to the question of whether or no the controls included were all necessary or desirable.

It was quite obvious that the local authorities were not resentful of the controls exercised in the past, but felt that many of these were now unnecessary, and should be eliminated while the opportunity offered.

It was also evident that many local authorities were not previously aware of the number of controls which were already provided in the Acts concerned, and witnesses agreed that there were some cases in which the Bill lessened control. They held, however, that many of the existing controls should have been lifted long ago. It would appear that in many cases it was only the perusal of the Bill which had brought to the notice of the witnesses the fact that a control existed, as on many occasions witnesses were found branding as a new control one to which they had been subject since 1919 or from an even earlier date.

We feel that to some extent there has been some unjustifiable criticism of the controls envisaged by the Bill as there are certain things which should and must be subject to some form of central control. We feel, however, that the weight of opinion is so strongly in favour of a lessening of control that unless the Government is strongly convinced of the need for their retention a very great number of controls could safely be relaxed and that the onus might be better cast upon the ratepayers in this matter. The recommendations made accordingly advocate relaxations in many cases and these will be evident from a perusal of the recommendations contained in the schedule of proposed amendments annexed to this report.

7. Triennial Elections.

The weight of evidence was strongly opposed to triennial elections. Although some witnesses agreed that there would be some slight saving in administration expenses if the triennial system were used, the consensus of opinion is that the advantages are very greatly outweighed by the disadvantages.

The arguments adduced as a reason for the desirability of holding annual elections for one-third of the membership are chiefly that the holding of a complete election at three-yearly intervals would tend to invite the attention of the political parties to municipal elections, which most witnesses considered undesirable, and that an annual election helps to keep municipal matters more prominently before the ratepayers.

Although recognising that the principle of a triennial election is quite common throughout the British Empire and was actually contemplated in the Greater Perth Bill of 1910 we have accepted the view of the great majority of those giving evidence and recommend that the Bill be amended to provide the rotational system of one-third of the councillors retiring each year.

8. Election of Mayor or President.

None of the present municipalities urged any alteration in the system of electing the Mayor.

Most of the road board evidence was strongly opposed to that system being used in shire councils and they urged the continuance of the present road board system of the chairman being elected by his fellow members.

It appears to the members of the Commission that there is an irreconcilable conflict of opinion on this point the only solution of which is to incorporate in the Bill both methods and to allow each council, with the authority of its ratepayers, to choose the system it wishes to use and we therefore recommend this.

(a) The existing law is as follows:—

(i) Municipal Corporations Act.—All occupiers, and also the owners of unoccupied land, are entitled to vote and a property basis with plural voting is in use.

For Mayor a person may have up to four votes, while for councillors he may have up to two votes in each ward in which he holds land.

Representative voting permits one man to have a very large number of votes.

(ii) Road Districts Act.—All owners may vote unless displaced from the electoral list by an application from the occupier who then replaces him.

The basis is proper, and there is a plural vote with an absolute limit of four votes. By voting in a representative capacity, however, a large number of votes can be cast, and it has been reported that one person has been known to cast more than 60 votes.
The provisions of the Bill are as follows:

(i) The owners and all occupiers who claim the right are entitled to vote.

The spouse of a resident owner is entitled to be registered as occupier. This, of course, is a natural enough corollary of the enrolment of both owner and occupier of land generally. The basis is property on a plural system the same as the present Municipal Corporations Act, but representative voting is forbidden, thus making the absolute limit four votes for Mayor and two in each ward for councillors.

(ii) Some of the other Municipalities consider that the occupier should be automatically enrolled and that this should be automatic. They object to the enrolment as occupier of the spouse of a resident owner. In general they wish to retain the present provisions of the Municipal Corporations Act.

(iii) The Road Boards almost unanimously oppose the enrolment of both owners and occupiers together and consider that the occupier should not be enrolled unless he applies. They oppose the granting of the vote to the spouse of a resident owner. Almost all of them favour the restriction of the plural vote to four and they oppose representative voting.

(iv) The Municipality of Albany advocates the abolition of plural voting.

(d) The Evidence.—In view of the fact that when the Bill was before the House notice was given of an amendment which was obviously aimed at the abolition of plural voting, the opportunity of questioning a number of witnesses was taken.

The Municipality of Albany, of its own initiative, advocated the abolition of the plural voting system. A witness for the Sublaco Municipal Council, when questioned, stated that his Council was opposed to plural voting, while one or two other witnesses expressed as their personal opinion, but not that of the Local Authority, the idea that plural voting might be better abolished.

One interested person wrote to the Commission pointing out that as Australia was a subscriber to the Declaration of Human Rights adopted by the United Nations Organisation, adult franchise should be used because Article 21 of the Declaration of Human Rights includes the following:

The will of the people shall be the basis of the authority of Government; this shall be expressed in periodic and genuine elections and shall be by universal and equal suffrage.

The great majority of those questioned, however, appeared to hold quite strongly to the view that plural voting should be retained, although many of them urged this point with much more force than logic.

From the evidence given it appears to us that the local authorities are in general opposed to any great alteration in the system of plural voting which applies to each of the two classes of authority at present.

(e) The recommendation.—In view of the conflicting opinions given, we recommend that separate provisions be made to cover the two differing viewpoints; that the present provisions in the Bill be continued so far as cities and towns are concerned, but, with automatic enrolment of occupiers in those districts which desire this; that provisions along the lines of the Road Districts Act be made for the election of councillors and president in the existing road boards; that power be given to the municipalities to change from one system to the other; that plural voting be limited, as in the present Road Districts Act to four votes and representative voting restricted also; that the owner as well as the occupier shall be entitled to be enrolled, but that apart from those councils which desire this to be automatic, the occupier should be required to make an application, which would then entitle him to be on the roll until displaced by the application of a successor or by an objection.

We realise that the suggestions for enrolment of both owners and occupiers will call forth some objections, but we would point out that in most country districts the owners are also the occupiers, while in cities and towns the owners who are not also occupiers are a relatively small proportion of the total owners, hence we consider that the principle laid down by the Bill might well be continued.

While the question of plural voting is one of political significance as well as an administrative matter, and we cannot disregard the evidence submitted to us, we nevertheless cannot forbear to state that the abolition of plural voting in favour of a principle of “one ratepayer,” “one vote” would result in a very great simplification of the Bill, and of the electoral procedure.
10. Other Important Points.

(a) Rating of Government Property.

Apart from the foregoing, the question of the rating of Government properties received considerable attention and we are of the opinion that to comply with the wishes of the Local Authorities the Government should agree to accept liability for the rating of Government properties to a very large extent. A lessening of the areas exempted in respect of religious organisations, etc. is also recommended.

(b) Auditors.

The method of appointing auditors also caused considerable discussion. The municipalities in general are somewhat divided, some of them being prepared to accept the system set forth in the Bill; others wish to retain the method of electing auditors; while still others wish to have the right to appoint auditors for themselves.

We consider that, rather than have the possibility of even a desirable reform being forced upon unwilling local authorities, provision should be made for two separate types of audit, and that the right to change from one system to the other should be provided. We therefore recommend that provision should be made as follows:

(i) Cities to retain the right to elect two auditors, as at present;
(ii) towns to retain the right to elect one auditor under conditions similar in other respects to the present provisions for municipalities;
(iii) the existing road boards to continue with their system of departmental audit;
(iv) Cities and towns to have the right to be changed to the system of Government audit if desired; Shires (existing road boards) to have the right to change to the elective system if desired.

In connection with this recommendation, the Chairman and Messrs Bierman and Butler wish to add the comment that they are of the opinion that the system set forth in the Bill would have lead to a highly effective type of audit. They have agreed to the foregoing recommendation as representing a compromise rendered necessary by the conflict of opinion expressed by the various witnesses.

(c) Joint Authorities.

Three witnesses drew attention to the fact that there was a need for some form of regional organisation which could be set up to aid in the handling of matters which were beyond the scope of one district, the witnesses being Mr. Harold Boas, covering the Town Planning requirements and the metropolitan area. Dr. Merab Harris, dealing with the needs of Local Government generally, and Mr. H. L. McGuigan.

The Bill provides in Clause 316 for the Council of two or more areas to unite in joint works and the Commission is of the opinion that the machinery for this cooperation should be provided by the inclusion in the Bill of power to create by delegation from the councils concerned, a county or regional form of local government to handle matters which are of common interest instead of allowing the separate local authorities to carry out sections of the work involved, e.g. Town Planning, Water Supply, Electricity Supply, Transport etc.

(d) Street Photography.

Another matter brought before our notice was that the Street Photographers Act was not satisfactory, with the result that there had been an increase in activities of this type, leading to much complaint on the part of people who had been alarmed by the taking of flash-light photographs at night as well as annoyed by the activities of certain of the operators in the daytime. We were asked to include in the Bill an express power to make by-laws to regulate and control this activity, and have therefore recommended that such a power be included.

(e) Roads and Streets.

In taking evidence on the part of the Bill which deals with roads and streets, and by subsequent discussion with departmental officers, we found that there are some anomalies in the Road Districts Act in connection with the dedication of streets and their closure and that, while the provisions of the Road Districts Act had been incorporated in the Bill with a view to adding to the powers of the councils and expediting certain actions in regard to opening and closing streets, these anomalies had been rendered more complicated by the juxtaposition therewith of the portions of the Municipal Corporations Act dealing with streets.

We therefore recommend that the whole of Division 1 of Part XII be reconsidered by the Lands Department (which is chiefly responsible for this Division) with a view to clarification and simplification, and that the Division be redrafted to achieve this, while enacting that the ownership of the roads and streets should be vested in the municipalities, if this is possible.

We also recommend that Division 2, dealing with private streets, should be redrafted to simplify the procedure, while preserving the essential ideas underlying the provisions of the Bill, and to this end we suggest that Sections 343 and 344a of the South Australian Local Government Act should be used as a guide.

To remove the doubts which at present often exist concerning the question of
whether or not a certain road has been
dedicated as a public road, we recommend
that consideration should be given to in­
cluding in the Bill some express power, such
as is contained in Sections 303 and 304 of
the South Australian Local Government Act,
ensuring a council to declare as a public
road any thoroughfare of which there has
been uninterrupted public user for a period
of at least 10 years. This could
be taken
during the redrafting already suggested.

(f) Soil Erosion.

The Bill incorporates the provisions of the
existing Sand Drift Act. Evidence was given
by a considerable number of road boards to
the effect that this was not sufficient, and
requests were made for the inclusion of a
wider power to prevent sand drift or soil
erosion from commencing. We have there­
fore recommended an addition to Clause 502
to implement this, but we desire to point out
that this will need examination to ensure
that it merely supports but does not cause
an undesirable restriction to the powers of
the Soil Conservation Commissioner under
the Soil Conservation Act.

Apart from the foregoing important Items,
we have agreed to recommend the amend­
ment of the Bill along the lines set out in
the appendix. There may be other clauses in
which consequential or drafting altera­
tions may be necessary, but this is a matter
beyond the province of laymen and is better
left to the consideration of the draftsman
who will be engaged in the redrafting of the
Bill.

12. We are of the opinion that, if the Bill is redrafted along the lines suggested, the full details of which are listed in the Appendix hereto marked "4," it will be found that the Bill will be acceptable to the great majority of the local authorities in the State. We recognise that no Bill can be perfect, and that some local authorities and some persons will still manifest opposition to certain of the suggested provisions, but we feel that the redrafted Bill would be a reasonably satisfactory piece of legislation with which to commence the new era in local government which is likely to result from the combining of the two Statutes which at present control and limit the activities of the local authorities.

We wish to express our appreciation of the assistance rendered by those giving evidence; by the "Hansard" staff, who so ably recorded the somewhat difficult evidence, and by the Perth City Council, which kindly made available a meeting room for the private sittings held.

We have the honour to be, Sir,

AMENDMENTS TO THE LOCAL GOVERNMENT BILL RECOMMENDED BY THE COMMISSIONERS.

Clause 6. DEFINITIONS.

Amendment.—"Building"—a better definition of a building should be incorporated.

Reason.—To remove certain doubts.

Amendment.—"Clerk." Delete the words "City Clerk" and replace the word "District" by "Shire."

"City Clerk." Delete this definition.

"District." To be replaced by the word "Shire" throughout the Bill, and "District Clerk" wherever appearing to be altered to read "Shire Clerk."

"Improvements." Insert the word "not" in line 16, after the word "has."

"Pave." Delete the word "wood" in line 23, the word "shall" in line 24, and the words "not being sand" in line 24.

"Public Reserve." Amend specifically to include "beaches."

"Ratepayer." Amend to read "ratepayer" means both owner and occupier of any rateable land.

"Surveyor." This should be amended to expressly define licensed land surveyors and a separate definition should be included for Building Surveyor and also for Engineer. In the latter case, expanding the definition to include a Consulting Engineer.

"Street." Delete all the words from "or" to " Act" in lines 26 to 28.

"Way." Delete the words "from which" to "use" in lines 14 and 15.

Reason.—To preserve the title "Town Clerk" even for cities; to use the name "Shire Council" instead of "District Council"; to revert to the existing municipal practice in regard to ratepayers; and to modernise the provisions in regard to engineers.

Clause 10. CORPORATE BODIES.

Amendment.—Alter references to "Districts" to read "Shires."

Reason.—See above.

Clause 11. MEMBERSHIP.

Amendment.—Amend Sub-clause (1) to revert to existing provisions of Municipal Corporations Act. If necessary, (in view of the provisions of Clause 20) make an addendum to ensure that in the case of abolition of wards, the number of councillors is not reduced.

Reason.—To provide slightly greater membership in a Council of a small population.

Clause 13. CONSTITUTING MUNICIPALITIES.

Amendment.—Amend Sub-clause (1) paragraph (h) by increasing the petitioner to "fifty ratepayers," or 10 per cent. of those on the roll, whichever is the lesser.

Reason.—To prevent small minorities making frivolous requests.

Amendment.—Amend Sub-clause (2) to provide for the severance of a portion of a district there from, and its annexation to another district, to be made by the Governor upon presentation of a petition by either of the councils concerned.

Reason.—To permit of minor alteration of territory when this becomes necessary, but co-operation is not shown.

Clause 17. MEMBERSHIP OF UNITED COUNCILS.

Amendment.—Amend paragraph (a) to provide that in case of disputes concerning population, the latest available figures of the Government Statistician shall be used as a final basis.

Reason.—To cope with possible disputes.

Clause 18. EFFECT OF DISSOLUTION.

Amendment.—Substitute the expression "Municipal District" for "Municipality" throughout.

Reason.—Clarification.
Clause 29. DEPOSITS WITH PETITIONS.
   Amendment.—Amend to provide a deposit of £20, for Councils with a revenue of less than £50,000
   and of £50, if above that figure.
   Reason.—To ensure that a reasonable deposit is made as a security for costs in the large cities.

Clause 32. APPLICATION OF DEPOSIT.
   Amendment.—Delete the words " of £20 " in lines 28 and 29 and also in line 33.
   Reason.—Consequential to the alteration to Clause 29.

Clause 41. RESTORATION OF LOCAL GOVERNMENT AFTER COMMISSIONERSHIP.
   Amendment.—Substitute the words "within one year" for the words, "whenever he thinks fit," in
   line 23. Add a proviso to the clause to the effect that "provided that the Commissioner shall continue
   to exercise his duties until the commencement of the first meeting after the election.
   Reason.—To ensure that permanent commissionerships are not permitted, and to facilitate handing
   over.

Clause 42. QUALIFICATION OF MEMBERS.
   Amendment.—Add a proviso that an occupier must be enrolled on the electoral roll before he could
   be eligible.
   Amend paragraph (d) of Sub-clause (1) by inserting the words "before nomination " after the word
   " has " in line 1. Delete Sub-clause (2).
   Reason.—To ensure that only occupiers who have taken the trouble to become enrolled are eligible;
   to clarify the provision for the payment of rates before nomination, and to remove the prohibition upon an
   election of Mayor or President who has not previously had two years' experience.

Clause 43. DISQUALIFICATION.
   Amendment.—Delete sub-clause (1).
   Reason.—To permit Ministers of Religion qualified to be members.
   Amendment.—Amend sub-clause (2) to refer also to compositions and assignments and to make
   express reference to the Commonwealth Bankruptcy Act.
   Amend sub-clause (6) by deleting from paragraph (a) the words " and not pursuant to any written
   contract," where appearing in lines 21 and 22.
   Delete the word " one " from line 27 and substitute the word " five ". Add to the paragraph a proviso
   that the limitation of £500 may be exceeded in certain circumstances with the approval of the Minister.
   Reason.—To make less restrictive the prohibition on members entering into contractual relations
   with a council but providing some protection against abuse.

Clause 45. SUPERVENING DISQUALIFICATIONS.
   Amendment.—Delete all the words in paragraph (vi) from " and " in line 6, down to the word " pass "
   in line 11.
   Reason.—To make automatic disqualification for non-attendance.
   Amendment.—Delete from paragraph (vii) all the last sentence.
   Reason.—To remove from the Clerk the liability to give a special notice to a member who has not
   paid his rates.

Clause 48. RETIREMENT OF MEMBERS:
   Amendment.—To be redrafted entirely to reinstate the present municipal system of one-third of the
   councillors retiring each year, and the Mayor retiring each second year. All members remaining in office
   until successors are elected.
   Also to provide for president of the Shire, to be elected by the same method as operates in road dis-
   tricts at the present time, and providing that a change in the method of electing President or Mayor may
   be made after a poll of ratepayers has approved.
   Reason.—To permit the continuation of the existing system but to allow the change to be made if the
   ratepayers wish.

Clause 49. COUNCILLOR NOMINATING AS MAYOR.
   Amendment.—Amend to apply only to the mayors and presidents elected by ratepayers.
   Reasons.—Consequential to the alteration of Clause 48.
Clause 50. DURATION OF OFFICE ON EXTRAORDINARY ELECTION.
  Amendment.—To apply only to mayor or president elected by ratepayers.
  Reason.—Consequential to amendment of Clause 48.

Clause 51. POWER TO RESIGN.
  Amendment.—Insert the words “in writing” after the word “received” in line 16.
  Reason.—To ensure that resignations are written and therefore cannot be disputed.

Clause 52. RETIREMENT IN NEW DISTRICTS.
  Amendment.—Substitute the word “annual” for the word “triennial” in lines 25 and 27.
  Reason.—Consequential to the alteration of Clause 48.

Clause 53. QUALIFICATIONS OF ELECTORS.
  Amendment.—To be redrafted to make two separate provisions:
  (1) Applying to the cities of Perth and Fremantle and such other municipalities as the Governor may at the request of the council order that it shall apply incorporating the right of both the owner and occupier to be automatically enrolled on the electoral list, and
  (2) Providing that in the case of all other municipalities the owner shall be enrolled automatically while the occupier may on application be enrolled as well as the owner. The occupier to apply not later than 15th January in any year, and to be retained on the roll until displaced by an application from a successor or an objection from some other interested party.
  (3) Providing, also, for a Council to be changed from one system to the other, on request.
  (4) Delete the third proviso dealing with the enrolment of a spouse.
  Reason.—To allow of a choice of methods because of the conflict of opinion, but to prohibit the exercising of a vote by the spouse of a registered owner.

Clause 54. JOINT OWNERS OR OCCUPIERS.
  Amendment.—Clarify the expression “portions and pieces of land” in sub-clause (1). In the first proviso insert the words “as joint owners or joint occupiers” after the word “lease” in line 29. Amend sub-clause (3) to provide that a choice should not be necessary every year, but should stand until altered by a further written application.
  The word “surnames” in line 3 on page 37, should be amended to read “names.”
  Reason.—To clarify the provisions.

Clause 55. ENROLMENT OF CORPORATIONS.
  Amendment.—Add to sub-clause (2) the words “by the Clerk and included in the Electoral List.”
  Reason.—To remove doubts as to the method of registration.

Clause 56. ELECTORAL LIST.
  Amendment.—Redraft entirely to cover:
  (1) Automatic enrolment of both owner and occupier in the cities of Perth and Fremantle, etc., as covered by Clause 53.
  (2) In the case of other districts application to the clerk by 15th January, and giving him power to include in the list. Provide a new form in the fifth schedule to permit of an application being made to the clerk.
  (3) To provide for a complete list every year, instead of the method of supplementary lists as contemplated.
  Reason.—To permit of the adoption of two systems in order to provide for the conflict of opinion.

Clause 57. CLAIMS FOR ENROLMENT.
  Amendment.—Insert in line 19, after the word “application,” the words “and whose name has been omitted, or whose application has been rejected by the Clerk.”
  Reason.—To clarify and also partly consequential to the alteration of Clause 56.
  Amendment.—In paragraph (b) of sub-clause (1) insert the words “or as not specifying the correct number of votes to which he is entitled under the provisions of this Act” after the word “him,” in line 26, and insert after the word “value” in line 28, the words “or number of votes.”
  Reason.—To clarify.
  Amendment.—Delete sub-clause (2).
  Reason.—To remove from the Clerk the obligation to object to the enrolment of persons believed to be deceased or aliens.
Clause 58. LISTS OF CLAIMS AND OBJECTIONS.
Amendment.—Substitute the word “eighteenth” for the word “sixteenth” in line 34.
Reason.—To allow a little more time.

Clause 59. REVISION COURT.
Amendment.—Substitute the words “twenty-fifth” and “fourteenth” for the words “twenty-third” and “ninth” in lines 3 and 4.
Reason.—To allow a little more time.

Clause 66. CERTIFICATE OF REVISION.
Amendment.—Substitute the word “same” for the word “name” in line 34.
Reason.—Typographical error.

Clause 69. ALTERATIONS TO ROLL.
Amendment.—Delete the whole of the proviso or alternatively provide that no alterations may be made in the roll within 14 days preceding the election.
Reason.—To ensure that the roll when completed shall remain unaltered until the following year, or by the alternative, which is regarded as not as satisfactory as the first proposal, to ensure that alterations are not made on the eve of any election.

Clause 70. APPLICATION OF WARDS.
Amendment.—Insert the words “List or” after the word “combined” in line 12 on page 46.
Reason.—To resolve doubt as to the validity of a combined ward list.

Clause 75. RATIFICATION OF INVALID ROLLS.
Amendment.—Sub-clauses (2) and (3) to be brought down as one separate clause.
Reason.—To obviate any possibility of confusion when read in conjunction with sub-clause (1).

Clause 82. TRIENNIAL ELECTIONS.
Amendment.—To be redrafted to provide for the annual retirement of one-third of the councillors, with the Mayor or President retiring each year or two years as the case may require.
Reason.—Consequential to the alteration of Clause 48.

Clause 86. ACTING MAYOR.
Amendment.—Redraft sub-clause (1) to provide for the annual election of a Deputy Mayor or Deputy President. Also specifically provide for the annual election, by the members, of the Mayor or President, in those cases where that system of election is used. Method—secret ballot.
Redraft sub-clause (2) to permit the Deputy Mayor or Deputy President to act in the absence of the Mayor or President.
Reason.—Consequential to alteration of Clause 48.

Clause 88. ELECTION OF ADDITIONAL COUNCILLORS.
Amendment.—Alter to provide for an Annual Election.
Reason.—Consequential to the alteration of Clause 48.

Clause 89. METHOD OF ELECTING.
Amendment.—Re-draft to allow a dual system of voting, that of the municipalities to be as set down in the Bill, while the existing road boards should be covered by incorporating a provision similar to that at present in the Road Districts Act. Power to be given, however, for a council to change from one system to the other after a poll of ratepayers has authorised the change.
Provision to be inserted to link the two voting scales, where both systems are in use.
Re-draft sub-clause (4) to clarify, but holding to the principle that representative voting should not permit any person to have more than four votes for Mayor, or two votes for Councillor.
Reason.—Because of the impossibility of reconciling the differences of opinion a dual system is unavoidable.
Clause 90. ELECTION WHERE THERE IS NO ROLL.

Amendment.—Delete the clause.

Reason.—There will now be no election without a roll.

Clause 93. APPOINTMENT OF RETURNING OFFICER.

Amendment.—Redraft to provide that the Returning Officer shall be the Mayor or President or another councillor appointed by the council, or the clerk. Make an express provision that no member shall be disqualified from holding office because he accepts a fee for acting as a returning officer or deputy, presiding officer or poll clerk. Amend Clause 45 if necessary.

Sub-clause (6) to be deleted. Delete the words “or deposits” in line 32. Alternatively, re-draft to coincide with the alterations specified above.

Reason.—With triennial elections abandoned, there is no reason why the Mayor should not act as Returning Officer.

Clause 94. APPOINTMENT OF DEPUTY.

Amendment.—Substitute the word “shall” for the word “may” in line 36.

Reason.—To ensure that the necessary Deputy Returning Officers are appointed.

Amendment.—Delete the words “may, and” from lines 38 and 39. Substitute the word “shall” for the word “may” in line 38. From sub-clause (2) delete the words “or the Returning Officer” from line 1.

Reason.—To clarify.

Clause 96. NOMINATIONS.

Amendment.—After sub-clause (2) to permit a person to nominate himself or to be nominated by any one person. Add to this the provisions of Section 60 (2) of the Road Districts Act dealing with nomination by an agent.

Reason.—It is considered that it should not be necessary for a person to be nominated by two other persons, as the Bill requires.

Clause 97. DEPOSITS.

Amendment.—Delete the word “Bank” in line 9. Add to the sub-clause a provision that the Returning Officer shall pay the deposit to the Council, to be held in trust pending the result of the election.

Reason.—It is now difficult to have cheques marked by a bank and it is considered that a person’s own cheque should be sufficient.

Clause 98. POSTING UP NOMINATIONS.

Amendment.—Delete the words “outside or at” in line 19 and insert in their place the words “on the Council’s Official Notice Board.”

Reason.—To clarify.

Clause 99. NOMINATIONS.

Amendment.—Amplify sub-clause (4) to make it clear that a person may withdraw within 72 hours, thereby losing his deposit, but after that time cannot withdraw at all.

Reason.—To clarify.

Clause 100. VOTING.

Amendment.—At the end of the clause make a provision that as long as adequate facilities for the preserving of secrecy are provided this shall be substantial compliance with obligation of providing separate compartments.

Reason.—In some centres the provision of separate compartments appears unnecessary.

Clause 101. BALLOT PAPERS.

Amendment.—Make provision that the names of the candidates shall be shown on the ballot paper in the order decided by a ballot carried out by the Returning Officer at the time the nominations close. Provision to be made that for the purpose of identification ballot papers may at the option of the Council have the initials of the Returning Officer either written or stamped on the back.

Reason.—To prevent disputes as to the order in which candidates should be shown on the ballot paper.

Clause 102. PRESIDING OFFICERS.

Amendment.—Delete sub-clause (3)

Reason.—This will now permit a Returning Officer to exercise a vote if he is qualified.
Clause 103. SCRUTINEERS.

Amendment.—Amend to provide that more than one scrutineer may be appointed for each polling place but only one may be permitted to act for each candidate at the one time. That is, allow for relieving one another.

Reason.—To accord with a practice which operates without legal authority at present.

Clause 104. DECLARATION OF OFFICE.

Amendment.—Amend to provide that the Deputy Returning Officer, Presiding Officer, Poll Clerk or Scrutineer may make their declaration before any ratepayer.

Reason.—To simplify procedure in country areas.

Clause 106. BALLOT BOXES.

Amendment.—Insert in line 2 after the word “box” words “or boxes.” Delete the words after the word “councillors” in lines 27 and 30.

Reason.—To simplify proceedings.

Clause 110. CHOICE OF VOTING SYSTEMS.

Amendment.—Redraft to eliminate reference to triennial elections and to clarify. Amend sub-clause (3) to provide that under the ordinary system of voting, figures shall be used instead of a cross.

Reason.—So that a uniform method of marking ballot papers may be used.

Clause 114. VOTING IN ABSENCE.

Amendment.—In line 27 insert after the word “day” the words “to the returning officer.”

Sub-clause (2). Insert after the word “which” in line 37 the words “at its request.” In line 4 of page 63, delete the word “Clerk” and substitute the words “Returning Officer.”

Sub-clause (3). Amend paragraph (d) to refer only to applications received by post. Make a provision for personal application to be made up to the close of the poll.

Reason.—To permit personal applications for absent votes to be made at a later date than that contemplated in the Bill.

Clause 120. SCRUTINY OF ABSENT VOTES.

Amendment.—After the word “them” in line 2 on page 69, substitute the words “in the ballot box.”

Reason.—To make it unnecessary for a separate ballot box for absent votes.

Clause 123. PREFERENTIAL VOTING.

Amendment.—Redraft in accordance with the following:

Clause 123, page 69, line 23—delete all words in the clause after the word “In” where first appearing in line 23. Substitute the following:—

123. (1) (a) every case in which a council decides to apply to elections, the system of preferential voting, the following provisions of this section shall apply in respect of elections held under that system.

Interpretation.

“absolute majority of votes” means in relation to the counting of votes, the number of votes—

which is obtained by one of the candidates at the conclusion of any progressive count; and

which is greater than the aggregate number of votes obtained by all the other continuing candidates added together; “continuing candidate” means a candidate not already elected or excluded from the count.

(2) Upon the closing of the poll the returning officer shall, in the presence of such candidates and scrutineers as are in attendance, open the ballot boxes and examine the ballot-papers and thereby ascertain the result of the election.

(3) The returning officer may reject as informal, any ballot paper which is not marked in compliance with the provisions of section one hundred and ten of this Act which relate to the marking thereof, or on which is written any matter or thing which is not authorised by this Act to be written thereon; but, save and except as aforesaid, no ballot paper shall be rejected for mere want of form, if in other respects it clearly indicates the vote and order of preference in the voting by the elector.

(4) The returning officer shall indorse on any ballot-paper which he rejects, the word “rejected” and he shall be the sole judge as to whether any ballot paper shall be rejected or not; Provided always that his decision shall be subject to reversal by a Court of Disputed Returns.
At an election where only one office is to be filled and there are only two candidates, the result of the poll shall be ascertained as follows:

(a) The candidate who has received the greater number of first preference votes shall be declared duly elected as hereinafter provided by the returning officer;

(b) if the two candidates have received an equal number of votes the provisions of sub-section (8) of this section shall apply.

At an election where only one office is to be filled and there are more than two candidates, the result of the poll shall be ascertained as follows:

(a) The candidate who has received the greatest number of first preference votes, if that number constitutes an absolute majority of votes, shall be declared duly elected as hereinafter provided by the returning officer;

(b) if no candidate has an absolute majority of votes, the returning officer shall—
   (i) arrange the ballot papers by placing in a separate parcel all those on which a first preference is indicated for the same candidate and preference votes are also duly given for all the remaining candidates, omitting ballot papers which are rejected;
   (ii) declare the candidate who has received the fewest first preference votes a defeated candidate;
   (iii) distribute the ballot papers counted to that defeated candidate amongst the non-defeated candidates next in order of the voters' preference; and
   (iv) after that distribution again ascertain the total number of votes given to each non-defeated candidate;

(c) the candidate who has then received the greatest number of votes, if that number constitutes an absolute majority of votes, shall be declared duly elected as hereinafter provided by the returning officer;

(d) if no candidate then has an absolute majority of votes, the process of declaring the candidate who has the fewest votes a defeated candidate and distributing the ballot papers counted to that defeated candidate amongst the non-defeated candidates next in order of the voters' preference shall be repeated and the votes shall be recounted after each of these redistributions until one candidate shall be declared duly elected as hereinafter provided by the returning officer;

(e) if on any count, two or more candidates have an equal number of votes and one of them has to be declared a defeated candidate the provisions of sub-section (8) of this section shall apply.

At an election where two or more offices are to be filled, the result of the poll shall be ascertained as follows:

(a) The first vacancy shall be filled in the manner provided in the last preceding sub-section for ascertaining the result of the poll where only one office is to be filled and there are more than two candidates;

Provided that, for the purposes of this paragraph, any reference in the last preceding sub-section to a defeated candidate or a non-defeated candidate shall be read and construed as if that reference were a reference to an excluded candidate or a continuing candidate respectively;

(b) the second vacancy shall be filled in the following manner—

(i) The returning officer shall rearrange all the ballot papers other than the ballot papers which are rejected, under the names of the respective candidates in accordance with the first preference indicated thereon, except that each ballot paper on which a first preference for the elected candidate is indicated shall be placed in the parcel of the candidate next in order of the voters' preference; and ascertain the total number of votes given to each continuing candidate;

(ii) the candidate who has received the greatest number of votes, if that number of votes constitutes an absolute majority of votes, shall be declared duly elected as hereinafter provided by the returning officer;

(iii) if no candidate has an absolute majority of votes, the returning officer shall—
   (i) declare the candidate who has received fewest votes an excluded candidate; distribute the ballot papers counted to that excluded candidate amongst the continuing candidates next in order of the voters' preference; and after that distribution again ascertain the number of votes given to each continuing candidate;

(iv) the candidate who has then received the greatest number of votes, if that number constitutes an absolute majority of votes, shall be declared duly elected as hereinafter provided by the returning officer;
Further declarations and distributions of preference.

Third and subsequent vacancies.

Provision for equality of votes.

Provision for equality of votes.

Declaration of result of poll.

Clause 133. APPLICATION OF DEPOSITS.

Amendment.—In line 1 delete the words “Returning Officer” and substitute the word “Council.”

Reason.—Consequential to the alteration of Clause 97.

Clause 134. EXPENSES OF RETURNING OFFICER.

Amendment.—Delete the words “on the following scale” in lines 28 and 29, and substitute the words “and the minimum fee payable shall be as follows.”

Paragraph (b). Separate “Deputy Returning Officer” from the others specified in the paragraph, and show the fee of £3 3s.

Delete the expression 5a. in line 8, and substitute 7s. 6d.

Reason.—To permit a higher fee than that included in the Bill.

Clause 137. ELECTORAL OFFENCES.

Amendment.—Insert before this clause a provision that the division shall apply to all elections and polls held by Councils.

Reason.—To cover also polls on loans and valuations, etc.

Clause 157. OUSTER FROM OFFICE.

Amendment.—Redraft the clause to eliminate reference to officers of the Council.

Reason.—It is considered that the clause should deal only with members.

Clause 158. SUPERSESSION OF A COUNCIL.

Amendment.—Redraft to provide that the Governor shall not supersede the Council but may dismiss the members from office and shall thereafter order an election to be held within 40 days for the filling of vacancies.

In sub-clause 1 substitute the word “may” for the word “shall” in line 3.

Reason.—To permit of a Council being displaced if it is failing to act properly but casting upon the ratepayers the onus of replacing the members themselves.
Clause 159. OFFICERS.
Amendment.—After the word "clerk" in line 7 insert the words "who shall be the Chief Administrative Officer of the Municipality and the Council may appoint."

In line 8 delete the word "oversee".
In paragraph (c) delete the words "with the consent of the Minister" in line 16.
In paragraph (d) substitute the word "appropriate" for the word "Municipal" in line 24.
Delete paragraphs (f) and (g).

Make a new provision for officers to have the right to appeal against dismissals or demotions to a Board consisting of a Magistrate and representatives of the employers and employees, such Board to have the right to order reinstatement and also at the request of the Council or the officer to make an award in damages in lieu of reinstatement.

Reasons.—The power of the Minister to remove from office has been deleted as also has the requirement that appointments and dismissals should require his approval.
The Appeal Board has been substituted for this requirement.
The right to appoint an Honorary Treasurer has also been deleted. The effect of the alterations is to cast the onus upon the Council of choosing proper servants, the qualifications of whom will be dealt with in the next clause.

Clause 160. QUALIFICATIONS OF OFFICERS.
Amendment.—Delete the word "overseers" where appearing in line 4, and substitute the word "treasurers." The word "revenue" in line 6 is misspelt and should be corrected. Provide for the setting up of a board consisting of a chairman nominated by the Minister and one representative each nominated by the Officers' Association, and the Councils to recommend to the Governor the Regulations considered necessary:

Amend the proviso by deleting the words from "exempt" in line 30 down to "latitude" in line 23, and substitute therefore the words "at the request of a Council exempt it from the operation of this Section."
Add a proviso that an officer appointed by an exempted authority should be approved by the above-mentioned board.

Reason.—It is felt that it is unnecessary to provide for qualified overseers. So that the regulations may have the approval of the parties interested, the Advisory Board has been suggested; that as at present it is likely to be found difficult to obtain qualified men for a number of local authorities in the outback areas, the exemption should not be restricted to the North-West. In view of the elimination of the requirement of Ministerial approval to appointments, it is felt that appointees to exempted positions should have the approval of the board abovementioned.

Clause 161. FIDELITY GUARANTEE.
Amendment.—For sub-clause (1), substitute the provisions of section 148 of the Municipal Corporations Act.
In sub-clause (2), substitute the word "shall" for the word "may" in line 1, and the word "appropriate" for the word "Municipal."

Reason.—To delete the requirement that the Minister shall approve of fidelity guarantees and to cast the onus for payment upon the Council.

Clause 162. DUTIES OF COLLECTORS.
Amendment.—Substitute for the word "treasurer" where appearing in line 12 the words "Clerk or other person appointed for the purpose by the Council."

Reason.—To cover cases where there is no Treasurer.

Clause 163. GRATUITY.
Amendment.—To be transposed in position with Clause 167, and made mandatory.

Reason.—It is felt that superannuation should be compulsory or a payment along the lines of the old gratuity should be mandatory.

Clause 164. SUPERANNUATION.
Amendment.—To be transposed in position with Clause 168, and made mandatory. Amend if necessary to accord with the recent amendments to the Superannuation, Sick, Death, Insurance Guarantee and Endowment (Local Governing Bodies' Employees) Pensions Act, 1947, and also if necessary delete from the First Schedule the provision for repeal.

Add to the clause a specific validation of the City of Perth's Superannuation Act.
Reason.—The Superannuation, Sick, Death, Insurance Guarantee and Endowment (Local Governing Bodies’ Employees) Funds Ad. 1947, now applying to bodies other than councils and road boards, it appears likely that it cannot be repealed; hence the provision made here should be brought into line, but made mandatory.

Clause 169. MEETINGS OF RATEPAYERS.
Amendment.—Substitute for the provision in sub-clause (3) for posting up outside the building, an obligation to exhibit a notice on the official notice board.

Amendment.—After the word "control" in line seven insert the words "either a Committee composed of representatives of the Councils concerned or of."

Reason.—To provide more flexibility in control.

Amendment.—Recommended that provision be made here for the setting up of a Regional or County form of Local Government along the lines of the N.S.W. County System to enable local authorities to join in works which are beyond the scope of the one authority but are too large for control under the previous clause. The proposed system is indicated hereunder.

COUNTIES OR REGIONAL GROUPS.

Adapted from N.S.W. 500/505.

1. The Governor at the request of the councils of two or more municipalities may, by proclamation, constitute as a county district or regional district for Local Government purposes the whole or any portion of the combined area of those municipalities and may by proclamation alter boundaries of any such county or regional district.

2. The proclamation constituting a county or regional district shall assign a name to such district and shall specify the number of members to be allotted to such district and shall specify the number of members to be nominated by each constituent council. The name and the numbers may be altered by proclamation.

3. The Governor may dissolve any county or regional district and settle and adjust all accounts thereof. Such dissolution shall be by proclamation in the "Government Gazette" which shall specify the date of dissolution.

4. Each county or regional district shall be administered by a council, consisting of the allotted number of persons appointed by each of the constituent councils. Such appointments shall be made yearly, not later than the fifteenth day of May.

5. Each such county or regional council shall elect a chairman from among its members annually, such election to be made annually, at a meeting to be held in the month of May.

6. All the provisions of this Act in regard to powers and duties of members of a council shall apply to the members of the county or regional council, and the conduct of meetings shall be as far as possible in accordance with the condition and provisions of this Act.

7. A county or regional council shall be a body corporate, under the provisions of Section 10 of this
8. The Chairman may resign his office, by writing under his hand.

9. Any extraordinary vacancy in the membership of the Council shall be filled up at the next meeting of the constituent council concerned by appointing a successor.

10. Any extraordinary vacancy in the office of Chairman shall be filled at a meeting to be held for that purpose within fourteen days from the occurrence of any such vacancy.

11. The county or regional council shall exercise only such functions as are delegated to it by the constituent councils.

12. For the purpose of carrying out its functions the county or regional council may delegate to any constituent council the right to carry out any duty or act on its behalf.

13. The county or regional council shall furnish to each constituent council a full statement of its transactions during each financial year, together with a copy of its annual financial statements.

14. The county council or regional council shall have and exercise within its district all the powers of the constituent councils in respect of the functions which have been delegated to it, except the powers to levy any rate.

15. The county or regional council not later than the seventh day of July in each year shall prepare and adopt estimates for the year then next following, showing on the one side the total estimated expenditure for the year, and on the other side the estimated receipts other than from rates.

16. If it is necessary that a rate should be levied to make good any deficiency revealed by the estimates, the county or regional council shall calculate the amount required from each constituent council in the form of rates, and serve on each such council not later than the fourteenth day of July in each year a precept calling upon the constituent council to pay to the county or regional council the sum therein specified.

17. The constituent councils, on receipt of any precept from the county or regional council, shall include in their estimates of expenditure a sum equal to the amount of the precept, and shall include in their general rate levied under this Act a sum sufficient to raise the amount of the requirement of the precept.

18. Each constituent council shall pay to the county or regional council the amount of the precept in four quarterly instalments the first of which shall be payable not later than the first day of September in each year.

19. The county or regional council shall have the power of borrowing money for the purposes of carrying out its functions only if the power to borrow is specifically conferred in the delegation of functions. In this case any decision to borrow money shall be subject to the prior approval of the constituent councils and to the approval of the Minister, but shall not otherwise be limited in any way.

20. Where the terms of the delegation of functions do not specifically confer the right to borrow money, the method of borrowing shall be by the issue of a precept for the required sum upon each constituent council which shall then proceed to raise a loan to the amount and on terms required by the county or regional council. If a poll is demanded in any of the constituent areas and on being taken results in the council of that area being forbidden to borrow the necessary money, but in a majority of the constituent areas no poll is demanded or, if demanded, when taken has resulted in a majority of the constituent councils being authorised to proceed to raise a loan, the question shall be referred to the Minister who, notwithstanding the decision of any poll to forbid the raising of the loan, may authorise the loan to be raised on such terms as he deems desirable.

21. All of the provisions of this Act in respect of accounts and audit shall apply to county and regional councils.

22. Where a county or regional council is formed to exercise any functions which have previously been exercised in their areas by any of the constituent councils, the Governor in Council may settle all accounts between them in respect of any assets and liabilities taken over by the county or regional district, and may take any action necessary to preserve the rights of any officers affected.

23. The Governor in Council may make regulations or general by-laws to control the formation of county or regional districts, the functions of the Councils thereof.

24. The Governor in Council may settle and finally adjust accounts and resolve all disputes arising between the county or regional council and the constituent councils thereof.

Clause 317. DISPLACEMENT OF MATERIALS.

Amendment.—Insert at the beginning of the clause the words “subject to Electricity and Gas Acts.”

Reason.—To overcome objections by the State Electricity Commission.

Clause 318. DUTY TO KEEP STREETS OPEN.

Amendment.—Amend to provide that it shall apply only to cities, towns and town sites.

Reason.—It would not be practicable in outback areas.
Clause 322. ROADS FOR ACCESS TO ONE PARCEL OF LAND MAY BE CLOSED.
Amendment.—Add a proviso that the approval of the local authority shall be obtained.
Reason.—There may be circumstances which would render a road closure undesirable.

Clause 324. GATES ACROSS ROADS.
Amendment.—The words “the gate” in lines 18 and 19 on page 188 should be deleted.
Reason.—The words do not now appear necessary.
Amendment.—Delete the sub-clause (11).
Reason.—This appears to be covered by sub-clause (8). If this is not so, “the approval of the Governor” should be deleted from the sub-clause as it stands.

Clause 327. OBSTRUCTION OF WATER COURSES.
Amendment.—After this clause incorporate the sense of Section 616 in “Victorian Local Government Act” which reads as follows:

“No person shall alter, obstruct or in any manner interfere with the natural flow of surface water on through or across any land, street or road in such manner as to cause any street or road to be injuriously affected by water.

Any person who commits any contravention of any of the foregoing provisions of this section shall be guilty of an offence and be liable for every such offence to a penalty of not more than ten pounds and shall also be liable to reimburse all costs charges and expenses which may be occasioned by reinstating repairing or making good such street or road and by the removal of anything causing any such alteration to, obstruction of or interference with the natural flow of surface water as aforesaid, to be recovered in default of payment before a court of petty sessions.

The council of any municipality may by its officers, employees or agents enter into and remain on any such land for the purpose of removing and may remove anything causing any such alteration to, obstruction of or interference with the natural flow of surface water as aforesaid, and any person who obstructs or hinders any such officer, employee or agent in the execution of his duty hereunder shall be guilty of an offence and for every such offence be liable to a penalty of not more than five pounds.”

Reason.—To increase the power of the local authorities to control water courses likely to damage roads.

Clause 332. FOOTWAYS.
Amendment.—The word “footway” is being used in this clause whereas in some clauses the word used is “footpath.” It is recommended that a consistent use of the one term be made.
Reason.—Clarification.

Clause 333. WEEDS SPREADING OVER ROADS.
Amendment.—Delete the word “separate” from line five.
Reason.—Drafting error.

Clause 335. DESTRUCTION OF NOXIOUS WEEDS.
Amendment.—Delete the words “and if required by the Minister so to do shall” from lines 26 and 27. Alternatively delete the clause if the new legislation before Parliament covers the question sufficiently.
Reason.—Clarification and to ensure that a Council may not be compelled to carry out extensive weed destruction at short notice by the Minister.

Clause 337. TREES OBSTRUCTING ROADS.
Amendment.—Add to sub-clause (1) a provision that “if the land is unoccupied and the owner cannot be located the Council may enter upon the land and remove the tree or any part thereof.”
Reason.—Enabling the enforcement of an order.

Clause 338. NOTICE ON LAYING OUT NEW STREETS.
Amendment.—Insert in line 22 after the word “intention” the words “to the owners of any abutting land and”. Insert after the word “shall” the word “shall.” In line 23 substitute the words “with the Council” for the word “therewith.”
Reason.—Clarification and to ensure that interested persons are informed.
Clause 341. PERSONS AGGRIEVED MAY APPEAL.

Amendment.—Insert after the word "recognisance" in line 9 the words "of an amount of £20."

Reason.—To specify a definite sum.

Clause 345. STATUTORY AUTHORITIES AND LEVELS.

Amendment.—The words "statutory authority" should be defined. The section numbers in lines 36 and 37 require alteration to read "three hundred and thirty-nine and three hundred and forty-two."

Reason.—Clarification and drafting error.

Clause 347. ALTERATION TO WATER PIPES.

Amendment.—This clause should be deleted.

Reason.—It appears to be covered by Clause 343.

Clause 349. COUNCIL MAY PAVE FOOTWAYS.

Amendment.—In line 7 insert commas after the words "pave" and "kerbed." Alter the word "and" to read "or."

Reason.—Clarification.

Clause 350. STREETS TO BE DEFINED.

Amendment.—Insert in line 21 after the word "furnish" the words "for his inspection."

Reason.—Clarification.

Clause 353. CROSSING OVER STREETS.

Amendment.—Delete the words "one half of" from line 1 and delete the proviso.

Reason.—It is considered that the right to recover the full cost should be provided as is the present municipal provision.

Clause 354. CROSSINGS OVER FOOTPATHS.

Amendment.—Delete the words "one half of" from lines 22 and 23; and 39. Delete the whole of paragraph (e).

Reason.—To allow for the full cost to be borne by the owner.

Clause 355. NOTICE OF SUB-DIVISION.

Amendment.—Delete the word "rateable" from line 14 on page 201.

Reason.—To make the provision apply to all land subdivided for sale.

Amendment.—Substitute the word "drawings" for the word "plans" in lines 22 and 29. Amend the proviso to read "this sub-section shall apply only to land situated within a city, town or townsite."

Reason.—Clarification.

Amendment.—Insert the words "by the owner" in line 3 page 202 after the word "drained."

Reason.—Clarification.

Amendment.—Subclause (4) should be entirely reconsidered by the Crown Law Department in conjunction with the Department of Lands as to implications when considered in conjunction with Clause 237 et seq.

Reason.—There is considerable doubt as to the effect.

PART 13. STORM WATER SEWERS.

Amendment.—Amend the title to read "Storm Water and Other Drains."

Reason.—To prevent confusion with ordinary sewers.

Clause 356. CONSTRUCTION OF MAIN SEWERS.

Amendment.—Delete the words "with the consent of the Governor" from line 11. Substitute the word "effluent" for the word "refuse" in line 13. Delete all the words after the word "collection" in line 15 and substitute the words "and disposal." Alter the word "sewer" to read "drains" in lines 3, 12 and 14.

Reason.—To remove confusion with sewers.
Clause 357. UNLAWFULLY MAKING BRANCH DRAINS.
Amendment.—Delete the word "sewer or" from lines 19 and 22 and insert the words "drain or other."
Reason.—To remove confusion with sewers.

Clause 358. LAYING DRAINS FROM PRIVATE TENEMENTS.
Amendment.—Delete the word "sewer" in line 10 and substitute the word "drain."
Reason.—To remove confusion with sewers.

Clause 359. COUNCIL MAY DRAIN OR FILL UP LAND.
Amendment.—Delete the words "sewer or" from line 1 and insert the words "drains or other."

Reason.—To remove confusion with sewers.

Clause 360. MANAGEMENT OF SEWERS.
Amendment.—Delete the clause.
Reason.—To remove confusion as apparently it applies to ordinary sewers, which are covered under the Health Act.

Clause 361. RECOVERY OF COST OF DRAINAGE.
Amendment.—Delete the words "with the approval of the Governor" from lines 15 and 16.
Reason.—It is not considered necessary to have this work subject to Vice-regal control.

Clause 362. PROTECTION WORKS.
Amendment.—Add to sub-clause (3) the words "and shall be liable for any damage caused to any persons or property which occurs as a result of his action."
Reason.—Clarification.

Clause 364. BREAKING UP STREETS FOR ELECTRICITY.
Amendment.—Delete the clause.
Reason.—It has been objected that it is adequately provided for by the State Electricity Act.

Clause 365. WATER SUPPLIES.
Amendment.—Amend paragraph (a) to refer to the Hon. Minister for Water Supply instead of the Under Secretary.
Reason.—Clarification.

Clause 366. APPLICATION OF PART.
Amendment.—It is recommended that the part should apply to the whole of the State. Alternatively if this is unacceptable a Schedule should be included in the Bill specifying the districts to which this applies.
Reason.—It is felt that building control is necessary throughout the whole of the State but the local authorities would still have the right to apply their by-laws either to the whole of their districts or such portions as are deemed desirable.

Amendment.—Sub-clause (2) to be deleted if the part is made to apply to the whole of the State.
Reason.—Consequential.

Amendment.—Sub-clauses (4) and (5) to be deleted.
Reason.—Partly consequential but sub-clause (5) is considered undesirable in view of the fact that qualified surveyors will be required when Clause 100 is implemented.

CLAUSE 367. PUBLIC BUILDINGS.
Amendment.—Clause to be deleted.
Reason.—This appears to be adequately covered by the Health Act and the suggestion made has come from the Commissioner for Public Health. Alternatively, if the clause is not deleted a specific reference to community and civic centres should be included.
Clause 371. STATEMENT OF PURPOSE FOR BUILDING.

Amendment.—Add to this, the provisions of sub-sections (2) and (3) of Section 299 of the Municipal Corporations Act which read as follows:

(2) After such statement has been deposited with the council as aforesaid, neither the building nor any part thereof shall be used for any purpose other than the purpose set forth in the said statement in relation to such building or such part thereof, except by the written authority of the council.

(3) Any person who uses or permits or suffers to be used any building or any part of a building for any purpose set forth in relation to such building or part of a building in the statement deposited with the council, as aforesaid and relative thereto, without first obtaining the written authority of the council so to do, shall be guilty of an offence.

Penalty: Fifty pounds.

Provided that there shall be an appeal to the Minister against any refusal of the Council to grant any such consent as in this section mentioned, and if such appeal is allowed the Minister may grant the requisite consent in the name of the council.

Reason.—This has apparently been omitted by accident.

Clause 372. NOTICE TO BE GIVEN.

Amendment.—The meaning of the word "passengers" having been queried, it is suggested that the Parliamentary Draftsman might select some better term.

Reason.—Clarification.

Clause 379. FOOTWAY TO BE COVERED.

Amendment.—Substitute the words "ground floor" for the words "first storey" in lines 26 and 29. Delete the words "and kept covered" in line 31. Insert a comma after the word "painter" in line 30.

Reason.—Clarification.

Clause 380. MATERIALS FOR ROOFS.

Amendment.—Insert the words "fire resisting" in lieu of the word "or" in line 41.

Reason.—Modernisation of the clause.

Clause 381. VENTILATION.

Amendment.—After the word "it" in line 13, insert the words "or he."

Reason.—Clarification.

Clauses 382 and 383. PARTY WALLS AND UNDERPINNING.

Amendment.—The two clauses should be deleted and replaced by provisions similar to the South Australian Building Act, Sections which follow:

Extract from South Australian Building Act, 1923-1946, Rights of Building and Adjoining Owners.

33. Where lands of different owners adjoin and are unbuilt on at the line of junction, and either owner is about to build on any part of the line of junction, the following provisions shall have effect:

(1) If the building owner desires to build a party wall on the line of junction, he may serve notice thereof on the adjoining owner, describing the intended wall:

(2) If the adjoining owner consents to the building of a party wall, the wall shall be built half on the land of each of the two owners, or in such other position as is agreed between the two owners:

(3) The expense of the building of the party wall shall be from time to time defrayed by the two owners in due proportion, regard being had to the use made and which may be made of the wall by the two owners respectively:

(4) If the adjoining owner does not consent to the building of a party wall, the building owner shall not build the wall, otherwise than as an external wall placed wholly on his own land:

(5) In any case where a party wall is built in pursuance of the provisions of this Part of this Act, the owner of any land so built upon shall grant an easement of support in respect of such wall over the last-mentioned land and appurtenant to the other land upon which the party wall is built, and shall cause such easement to be registered upon the folium of the register book relating to his said land, if the land is under the provisions of the Real Property Act, 1899, or shall cause such easement to be registered in the General Registry Office, if the land is not under such provision, and the building owner shall bear the expenses of and incidental thereto.
33a. When lands of different owners adjoin and a party wall was at the time of the commencement of this Act on any part of the line of junction and either owner is about to build and use the said wall, the owner of the land upon which the party wall is erected, shall grant an easement of support in respect of the said wall over the said land and appurtenant to the other land upon which the party wall is built, and shall cause the said easement to be registered upon the folium of the register book relating to the said land, if the land is under the provisions of the Real Property Act, 1886, or shall cause the easement to be registered in the General Registry Office, if the land is not under the said provisions. The building owner shall bear the expenses of registering the said easement and any other expenses incidental thereto.

34. The building owner shall have the following rights, in addition to and without prejudice to any rights he may have under any other Act or at common law, that is to say:

1. A right to make good, underpin, or repair any party wall which is defective or out of repair:

2. A right to pull down and rebuild any party wall which is so far defective or out of repair as to make it necessary or desirable to pull it down:

3. A right to pull down any timber or other partition which divides any buildings and is not conformable with the provisions of this Act, and to build instead a party wall conformable thereto:

4. A right to raise and underpin any party wall permitted by this Act to be raised or underpinned, upon condition of making good all damage occasioned thereby to the adjoining premises or to the finishings and decorations thereof, and of carrying up to the requisite height all flues and chimney stacks belonging to the adjoining owner on or against such party wall:

5. A right to pull down any party wall which is of insufficient strength for any building intended to be built and to rebuild the same of sufficient strength for that purpose, upon condition of making good all damage occasioned thereby to the adjoining premises or to the finishings and decorations thereof:

6. A right to pull down any party wall upon condition of making good all damage occasioned to the adjoining premises by such operation:

7. A right to cut away any footing or any chimney breasts, jambis, or flues projecting, or other projections, from any party wall in order to erect an external wall against such party wall or for any other purpose, upon condition of making good all damage occasioned to the adjoining premises by such operation.

8. A right to perform any other necessary works incident to the connection of a party wall with the premises adjoining thereto:

But the above rights, numbered (1) to (9) inclusive, shall be subject to this qualification, that any building which has been erected previously to the date of the commencement of this Act shall be deemed to be conformable to the provisions of this Act, if it is conformable with the provisions of the Acts of Parliament regulating buildings in the said State at the time such building was erected:

10. A right to raise a party fence wall or to pull the same down and rebuild it as a party wall.

35. (1) Where a building owner proposes to exercise any of the foregoing rights with respect to party walls, the adjoining owner may by notice require the building owner to build on any such party wall such chimney copings, jambis, or breasts or flues, or such piers or recesses, or any other like works, as may fairly be required for the convenience of such adjoining owner, and are specified in the notice, and it shall be the duty of the building owner to comply with such requisition in all cases where the execution of the required works will not be injurious to the building owner, or cause to him unnecessary inconvenience or unnecessary delay in the exercise of his right.

(2) Any difference that arises between a building owner and an adjoining owner in respect of the execution of any such works shall be determined in the manner in which differences between building owners and adjoining owners are hereinafter directed to be determined.

36. (1) A building owner shall not, except with the consent in writing of the adjoining owner and of the adjoining occupiers, or, in cases where any party wall is dangerous (in which case the provisions of Part VI of this Act shall apply), exercise any of his rights under the Part of this Act in relation to any party wall, or party fence wall, unless at least six weeks before doing so he has served on the adjoining owner a party wall notice stating the nature and particulars of the proposed work, and the time at which the work is proposed to commence.

(2) When a building owner in the exercise of any of his rights under this Part of this Act lays open any part of the adjoining land or building, he shall, at his own expense, make and maintain for a proper time a proper hoarding and shoring of temporary construction for the protection of the adjoining land or building and the security of the adjoining occupier.

(3) A building owner shall not exercise any right by this Act given to him in such manner or at such a time as to cause unnecessary inconvenience to the adjoining owner or to the adjoining occupier.

(4) A party wall notice shall not be available for the exercise of any right unless the work to which the notice relates is begun within six months after the service thereof and is prosecuted with due diligence.
(5) Within fourteen days after the receipt of such notice or at any time before building operations are commenced, the adjoining owner may serve on the building owner a notice requiring him to build on such party structure any works to the construction of which he is entitled under Section 35.

(6) The last-mentioned notice shall specify the works required by the adjoining owner for his convenience, and shall, if necessary, be accompanied by explanatory plans and drawings.

(7) If either owner does not within fourteen days after the service on him of any notice express his consent thereto, he shall be considered as having dissented therefrom, and thereupon a difference shall be deemed to have arisen between the building owner and the adjoining owner.

39a. The building owner, in addition to and without prejudice to any right he may have under any other Act or at common law, shall have a right to cut away or take down such parts of any wall or building of an adjoining owner as may be necessary in consequence of that wall or building overhanging or encroaching upon the ground of the building owner, in order to erect an upright wall against the same, on condition of making good any damage sustained by the wall or building by reason of such cutting away or taking down.

37. In all cases not specially provided for by this Act, where a difference arises between a building owner and an adjoining owner in respect of any matter arising with reference to any work to which any notice given under this Part of this Act relates, such difference shall be referred for decision to the referees referred to in Part VIII of this Act, with power, by their award, to determine the right to do and the time and manner of doing any work, and generally any other matter arising out of or incidental to such difference; but any time appointed for doing any work shall not, unless otherwise agreed, commence until after the expiration of the period by this Part of this Act prescribed for the notice in the particular case.

38. A building owner, his servants, agents and workmen, at all usual times of working, may enter and remain on any premises for the purpose of executing, and may execute any work which he has become entitled to or is required in pursuance of this Act to execute, removing any furniture or doing any other thing which may be necessary; and if the premises are closed, he and they may, accompanied by a constable or other peace officer, break open any fences or doors in order to effect such entry; Provided that before entering on any premises for the purposes of this section the building owner shall except in the case of emergency give fourteen days notice of his intention so to do to the occupier and owner, and in case of emergency shall give such (if any) notice as may be practicable.

39. Where a building owner intends to erect within ten feet of a building belonging to an adjoining owner a building or structure any part of which within such ten feet extends to a lower level than the foundations of the building belonging to the adjoining owner, he may, and, if required by the adjoining owner, shall (subject as hereinafter provided) underpin or otherwise strengthen the foundations of the last-mentioned building so far as may be necessary, and the following provisions shall have effect:

(1) At least one month's notice in writing shall be given by the building owner to the adjoining owner, stating his intention to build and whether he proposes to underpin or otherwise strengthen the foundations of the said last-mentioned building, and such notice shall be accompanied by a plan and sections showing the site of the proposed building and the depth to which he proposes to excavate:

(2) If the adjoining owner within fourteen days after being served with such notice gives a counter notice in writing that he disputes the necessity of or that he requires such underpinning or strengthening a difference shall be deemed to have arisen between the building owner and the adjoining owner.

(3) The building owner shall be liable to compensate the adjoining owner and occupier for any inconvenience, loss or damage which may result to them by reason of the exercise of the powers conferred by the section.

(4) Nothing in this section contained shall relieve the building owner from any liability to which he would otherwise be subject in case of injury caused by his building operations to the adjoining owner.

40. (1) An adjoining owner may if he thinks fit by notice in writing require the building owner (before commencing any work to which he may be authorised by this part of this Act to execute) to give such security as is agreed upon, or in case of difference, is settled by the local court of full jurisdiction nearest to the site of the proposed work, for the payment of all such expenses, costs and compensation in respect of the work as may be payable by the building owner.

(2) The building owner may, if he thinks fit at any time, after service on him of a party wall requisition by the adjoining owner and before beginning a work to which the requisition relates but not afterwards serve a counter requisition on the adjoining owner requiring him to give such security for payment of the expenses, costs and compensation for which he is or will be liable as may be agreed upon or in the case of difference may be settled as mentioned in Sub-section (1) hereof.

(3) If the adjoining owner does not within one month after service of such counter requisition give security accordingly he shall at the end of that month be deemed to have ceased to be entitled to compliance with his party wall requisition and the building owner may proceed as if no party wall requisition had been served on him by the adjoining owner.
41. (1) As to expenses to be borne jointly by the building owner and the adjoining owners—
(a) if any party wall is defective or out of repair the expense of making good, underpinning or
repairing the same shall be borne by the building owner and the adjoining owner in due
proportion, regard being had to the use that each owner may make of the structure;
(b) if any party wall is pulled down and rebuilt by reason of its being so far defective or out of
repair as to make it necessary or desirable to pull it down the expense of such pulling
down and rebuilding shall be borne by the building owner and adjoining owner in due
proportion, regard being had to the use that each owner may make of the structure;
(c) if any timber or other party wall dividing a building is pulled down in the exercise of the
right by this Part of this Act vested in a building owner and a party wall is built instead
thereof the expense of such pulling down and of building such party wall and also of
building any additional party walls that may be required by reason of the partition having
been pulled down shall be borne by the building owner and the adjoining owner in due
proportion, regard being had to the use that each owner may make of the party wall and
to the thickness required for support of the respective buildings parted thereby.

(2) As to expenses to be borne by the building owner—
(a) if any party wall or any external wall built against another external wall is raised or under-
pinned in pursuance of the power by this Part of this Act vested in a building owner, the
expense of raising or underpinning the same, and of making good all damage occasioned
thereby, and of carrying up to the requisite height all such flues and chimney stacks belong-
ing to the adjoining owner or on or against any such party wall or external wall as are by
this Part of this Act required to be made good and carried up, shall be borne by the building
owner;
(b) if any party wall which is of proper materials and sound, or not so far defective or out of
repair as to make it necessary or desirable to pull it down is pulled down and rebuilt
by the building owner the expense of pulling down and rebuilding the same, and of making
good any damage by this Part of this Act required to be made good, and a fair allowance
in respect of the disturbance and inconveniences caused to the adjoining owner shall be
borne by the building owner;
(c) if any party wall is cut into by the building owner, the expense of cutting into the same
and of making good any damage by this Part of this Act required to be made good shall
be borne by such building owner;
(d) if any footing, chimney breast, jamb, or floor or any projection is cut away in pursuance
of the powers by this Part of this Act vested in any building owner, the expense of such
cutting away and of making good any damage by this Part of this Act required to be made
good shall be borne by the building owner;
(e) if any party fence wall is raised for a building, the expense of raising such wall shall be borne
by the building owner;
(f) if any party fence wall is pulled down and built as a party wall the expense of pulling down
such party fence wall and building the same as a party wall shall be borne by the building
owner:

Provided that if at any time the adjoining owner makes use of any party wall (or any part thereof)
raised or underpinned as aforesaid, or of any party fence wall pulled down and built as a party wall
(or any part thereof) beyond the use thereof made by him before the alteration, there shall be borne
by the adjoining owner from time to time a due proportion of the expense (having regard to the use that
the adjoining owner may make thereof)—
(i) of raising or underpinning such party wall or external wall, and of making good all damage
occasioned thereby to the adjoining owner, and of carrying up to the requisite height
all such flues and chimney stacks belonging to the adjoining owner or on or against any
such party wall or external wall as are by this Part of this Act required to be made good
and carried up;
(ii) of pulling down and building such party fence wall as a party wall.

42. Within one month after the completion of any work which a building owner is by this Part
of this Act authorised or required to execute, and the expense of which is in whole or in part to be borne
by an adjoining owner, the building owner shall deliver to the adjoining owner an account in writing
of the particulars and expense of the work, specifying any deduction to which such adjoining owner
or other person may be entitled in respect of old materials, or in other respects; and every such work
shall be estimated and valued at fair average rates and prices, according to the nature of the work
and the locality and the market price of materials and labour at the time.

43. (1) At any time within one month after the delivery of the said account the adjoining owner,
if dissatisfied therewith, may declare his dissatisfaction to the building owner by notice in writing, speci-
ifying his objection thereto, and thereupon a difference shall be deemed to have arisen between the parties,
and such difference shall be determined in manner hereinafter in this Part of this Act provided for
the settlement of differences between building and adjoining owners.

(2) If within the said period of one month the adjoining owner does not declare in the said man-
ner his dissatisfaction with the account, he shall be deemed to have accepted the same, and shall pay
the same on demand to the party delivering the account, and if he fails to do so, the amount so due
may be recovered as a debt.
43

44. Where the adjoining owner is liable to contribute to the expenses of building any party wall, then, until such contribution is paid, the building owner at whose expense the same was built shall stand possessed of the sole property in the structure.

45. The adjoining owner shall be liable for all expenses incurred on his requisition by the building owner, and in default of payment thereof the same may be recovered from him as a debt.

46. Nothing in this Act shall authorize any interference with an easement of light or other easement in or relation to a party wall, or take away, abridge, or prejudicially affect any right of any person to preserve or restore any light or other thing in or connected with a party wall in case of the party wall being pulled down or rebuilt.

Reason.—To make more adequate provision for this important point.

Clause 384. INFLAMMABLE BUILDINGS.

Amendment.—Delete the words "intended to be used as a dwelling house" in lines 19 and 20. Delete the words "dwelling house" in line 25 and substitute the word "buildings".

Reason.—The provision of more facilities for the erection of good class wooden houses.

Clause 385. PROJECTIONS ON FOOTWAYS.

Amendment.—Subclause 1 should be redrafted after consultation between the Parliamentary Draftsman, the Principal Architect and the City of Perth Building Surveyor so that encroachment below the surface of the street may be permitted for the purpose of ensuring stability and assisting building operations but subject to adequate protection of utilities in the street.

Reason.—To make provision for large buildings in cities.

Amendment.—Substitute the word "nine" for the word "eight" in line 37.

Reason.—To make verandahs at least nine feet high.

Amendment.—Amend subclause 3 as follows:

Substitute the word "nine" for the word "eight" in line 8. Delete all the words after "building" in line 9, and insert the words "and is of the cantilever type." Add a further provision that no balcony shall encroach upon a street for a greater distance than:

(a) in the case of the Cities of Perth and Fremantle 2 ft. 6 in., and
(b) in the case of other Municipal Districts such distance as may be prescribed in the by-laws from time to time, but in no case extending beyond the level of the kerb-stone, or outer edge of the footway.

Reason.—To ensure that balconies are permitted only in the form of architectural projections in the cities and of such width as the other municipalities desire.

Clause 387. NOTICE OF BUILDING ALTERATIONS.

Amendment.—Add to this clause sub-section (5) of Section 314 of the Municipal Corporations Act and also add a provision that when an order has been served by the Council the building owner may be entitled to demand and receive a certificate that the order has been complied with.

Reason.—To restrict the obligation of the Council to issue a complete certificate which might be used to prevent the correction of defects found later but ensuring that a builder who has complied with the demand shall be protected.

Clause 394. RENOVATION OF DELAPIDATED DWELLINGS.

Amendment.—Amend to apply to all buildings of any type of material and delete the reference to "neighbouring dwelling houses."

Reason.—It is felt that the provision should apply to all buildings and not only wooden dwellings.

Clause 399. PUBLIC BUILDINGS.

Amendment.—Delete the clause.

Reason.—It is considered that this is sufficiently covered by the Health Act.

Clause 400. PUBLIC BUILDINGS.

Amendment.—Delete all the words after the word "aforesaid" in line 14. Insert a new clause numbered 400A as follows:

400A. (1) If a Council is of the opinion that any building whether erected before or after the commencement of this Act is so constructed that there would be in case of fire a danger to the inmates because of the lack of adequate provision for fire escapes, it may serve upon the owner of the building an order to install or erect in or on the building fire escapes to the number and specification set out in the Order.

(2) Any person served with an Order to install or erect fire escapes in pursuance with the provisions of the last preceding sub-section may within one month after the service upon him of the Order, appeal to the Minister, who may confirm or disallow the order of the Council.
(3) If the person served with an order to instal or erect escapes pursuant to the provisions of subsection (1) of this section does not appeal to the Minister as provided in subsection (2) of this Section, or if the Minister confirms the Order of the Council, he shall, within twelve months after the service upon him of the Order, instal or erect in or on the building fire escapes to the number and specification set out in the order.

(4) Before commencing the installation or erection of fire escapes under this section, the owner of the building shall submit to the Council plans and specifications in accordance with the provisions of this part of this Act.

Reason.—To provide power for a local authority to compel the installation of fire escapes in existing buildings, while preserving the rights of the owner by giving him opportunity to appeal to the Minister.

Clause 403. INFLAMMATORY BUILDINGS.

Amendment.—Delete the words "liable to immediate ignition" in line 21 and substitute the words "readily ignitable."

Reason.—Clarification.

Clause 406. INSPECTION OF BUILDINGS.

Amendment.—In sub-paragraph (1) insert the words "or by the Council" after the word "them" in line 24.

Reason.—Clarification.

Clause 409. APPEAL.

Amendment.—Delete the clause and substitute provisions along the lines of the 16th Schedule of the Victorian Local Government Act for setting up a Board of Referees to hear appeals, such board to consist of three persons of whom at least one shall be nominated by the council concerned.

Reason.—As appeals on policy are dealt with by the Minister under Clause 300, appeals under this clause would be of a technical nature and are therefore better dealt with by a tribunal of qualified architects or engineers.

Clause 411. BY-LAW MAKING POWERS.

Amendment.—Add to paragraph (c) a specific power to prescribe brick areas and also special value areas. Consider deleting the clause 188 (84), as this would be covered by the above.

Reason.—To enable councils better to control building.

Amendment.—Include after the word "ventilation" in paragraph (m) the words "including mechanical means of ventilation and air conditioning." Also include a provision concerning lifts. Insert the word "habitable" before the word "rooms" in line 33. Define "habitable room."

Amendment.—Delete paragraph (p).

Reason.—Covered by the setting up of a Board of Appeal under Clause 409.

Amendment.—Amend paragraph (q) by inserting after the word "specifications" the words "and calculations or computations of structural elements and details."

Reason.—Clarification.

Amendment.—After paragraph (v) insert a new paragraph as follows:

For requiring and compelling the owners of any land upon which a dwelling or other inhabited building is to be erected to provide for a sufficient supply of water for domestic purposes by either—

(a) connecting the building to any public water main which passes the land on which the building is erected; or

(b) providing for the building of rainwater tanks, properly connected to a catchment, satisfactory to the Council, of a capacity specified in the by-law but not less than 3,000 gallons; or

(c) providing for the building of a supply of water from wells or other sources to the satisfaction of the Council.

Reason.—To meet objections raised by the State Electricity Commission.

Clause 415. RESERVE FOR WATER SUPPLY.
Amendment.—To be made subject to the various water supply and rights in Water Acts, which affect water supply.
Reason.—To overcome the possibility of conflicting provisions.

Clause 417. CONTRACTS FOR WATER SUPPLY.

Amendment.—Delete the words "with the consent of the Minister" in line 7. Amend sub-clause (5) to provide that in the case of a district wholly or partly within a fire district the consent of the W.A. Fire Brigades Board shall be obtained or alternatively that notice shall be given to that Board, and unless an objection is received, it shall be deemed to be approved.
Reason.—To meet objections raised to Ministerial control while ensuring that there is no clash with the activities of the W.A. Fire Brigades Board.

Clause 419. BATHS, ETC.
Amendment.—Amend sub-clause (1) by inserting the words "Rest Centres for Women and Children" after the word "for" in line 11.
In line 23 of sub-clause (2) insert the words "Spectators Galleries and other" after the word "all." The word "shall" in line 28 to be altered to read "may".
Reason.—Extension of power to improve reserves, etc.

Clause 420. PUBLIC FOUNTAINS, ETC.
Amendment.—The clause to be coalesced with Clause 286 and delete from this position.
Reason.—These are apparently duplications.

Clause 422. RECREATION GROUNDS, ETC.

Add to sub-clause (c) after the word "camps" in line 18 the words "Caravan parking areas." Sub-clauses (b) and (c) might be better transposed in position.
Reason.—Extension of powers and simplification.

Clauses 424 to 426. DANCING ROOMS.
Amendment.—It is suggested that dancing rooms, skating rinks, and also amusement parks whether in open air or enclosed should be included in the by-law making powers in Clause 188 (61) and these clauses deleted.
Reason.—It is thought that these provisions would be better dealt with under the "By-law making powers" of the local authority.

Clause 427. IMPOUNDING—OWNERSHIP OF STREETS.
Amendment.—Insert the word "Reserves" after the word "ways" in line 9. Substitute the word "Unenclosed" for the word "Unfenced" in line 9.

Amendment.—Add a further provision that a Council may establish a public pound in the area of another Council providing the approval of that Council is obtained.
Reason.—Increasing the power of the local authorities.
Clause 432. POUND TO BE FENCED, ETC.
Amendment.—Delete the words "and in the same way" from line 10.
Reason.—Apparently a drafting error.

Clause 437. NOTICES AT POUNDS.
Amendment.—Add a provision that the notice exhibited may specify the holding capacity of the pound and that if the pound will not hold the number of cattle desired to be impounded, the person impounding shall convey them to another pound.
Reason.—To meet with possible impounding of large herds.

Clause 438. POUNDKEEPER TO ACCOUNT.
Amendment.—Amend sub-clause (2) by deleting the words "Treasurer and such" from line 32. Insert the word "by" after the word "be" in line 33.

Amendment.—Amend sub-clause (1) by inserting the word "suitable" after the word "nearest" in line 40. Insert the words "the Council or" after the word "by" in line 3 of sub-clause (2). Take in a new provision based on Section 10 (1) of the Cattle Trespass Act, as follows:—
"In all cases when cattle trespassing shall not be impounded, and it shall be proved to the satisfaction of a Justice of the Peace that it is not possible to impound such cattle except at an undue expense, and also that the owner thereof is unknown or cannot be found; it shall be lawful for such Justice to order the destruction of such cattle in such manner as he shall think fit, and for the production and delivery to a police constable of the hide of such cattle (being "great cattle" as referred to in the Trespass Scale attached hereto) so destroyed."
Reason.—To deal with cases of animals proving difficult to impound.

Clause 440. OWNER IMPOUNDING ON OWN LAND.
Amendment.—Amend sub-clause (1) by substituting the word "three" in line 35, page 242, for the word "five." Insert the word "suitable" after the word "nearest" in line 36, on page 243, of sub-clause (3).
Reason.—Simplification and provision for impounding in the nearest suitable pound.

Clause 445. CATTLE TO BE RESTORED.

Amendment.—Delete the words ‘to the Ranger’ from line 6. Add a proviso that the cattle may not be released until the fees have been paid to the poundkeeper.

Reason.—To permit a slightly higher charge to be made.

Clause 451. CATTLE TO BE RELEASED.

Amendment.—Add to this provision that the cattle must not be released until the fees have been paid, or the cattle disposed of.

Reason.—It is considered that no animals should be released unless the fees are paid.

Amendment.—Delete this Clause.

Clause 454. DELIVERY ON RECOGNIZANCE.

Amendment.—Delete this Clause.

Amendment.—Incorporate here a new clause based on Section 34 of the Cattle Trespass Act reading as follows:

"(4). In case it shall appear to the Justice of the Peace to whom complaint of any trespass by cattle shall be made that delay in advertising the sale of cattle impounded by any person under the provisions of this Act will involve greater expense than the value of the cattle impounded, or that by reason of the condition or health of such cattle a speedy sale is requisite, such Justice of the Peace may, on proof thereof, order the sale of such cattle at such time and in such manner and under such conditions as he shall think fit:

Provided that nothing in this section contained shall be a bar to the enforcement of liability against the owner of such cattle in respect of any penalty and of all lawful fees, charges, and damages under this Act, and the same may be recovered by the person aggrieved in a summary way on complaint before any two Justices of the Peace."
(4a) Where it appears to any two Justices of the Peace, after inspection of any impounded cattle that—

(i) if such cattle were held for the period and notice of sale advertised in manner hereinbefore prescribed they would not be likely to realise on sale sufficient to pay the poundage fees, expenses of sale, and other lawful charges payable under this Act in connection with such impounding; and

(ii) that an immediate sale under subsection four of this section would not be likely to realise such fees and charges,

and the owner does not appear and pay such fees and charges incurred in respect of such impounded cattle, and give security to the satisfaction of the Justices for the payment of all such further fees, charges, and expenses as may be awarded in any subsequent proceedings under this Act, the Justices may make an order authorising the immediate destruction or disposal of such cattle and the disposal of the carcass thereof in such manner as the Justices may think fit; provided that any one Justice may exercise the jurisdiction of two Justices under this Act whenever no other Justice usually residing in the district can be found at the time within a distance of ten miles, provided that the Justice certifies, in writing, that no other Justice can be found within ten miles:

Provided that such destruction shall not be a bar to the enforcement of liability against the owner of such cattle in respect of all lawful fees, charges, and damages under this Act, and the same may be recovered in a summary way on complaint before any two Justices of the Peace."

Reason.—To permit of a speedy sale in certain cases.

Clause 460. POUNDKEEPER MAY RECOVER FEES.

Reason.—To ensure that poundkeepers are not intimidated.

Clause 467. PENALTY FOR ALLOWING TO STRAY.

Amendment.—Delete this Clause.

Reason.—It is apparently sufficiently covered by Clause 468.

Clause 468. STRAYING CATTLE.

Amendment.—Amend sub-clause (1) by inserting word “having” after word “or” where appearing a second time in line 19.

Reason.—Clarification.

Amendment.—Add a new sub-clause to provide that if any damage to life, limb or property is caused by straying cattle, the owner shall have the right to be awarded damages by any competent court against the owner of the animal concerned.

Reason.—To deal with serious damage to the person caused by straying stock, as recommended by a Coroner as a result of an accident near Bunbury early in the year (1950).

Amendment.—Amend sub-clause (3) to apply only outside the cities, towns and townships.

Reason.—The provision would not be practicable in rural areas.
Clause 469. AMOUNTS FOR COMPENSATION.
Amendment.—The word “of” to be substituted for the word “or” in line 32.
Reason.—Typographical error.
Amendment.—It is recommended that all the provisions of the Cattle Trespass Act, apart from those dealing with fencing, should be repealed.
Reason.—The additions made above will permit of the repeal of the Act concerned.

Clause 471. MARKETS.

Reason.—To make the ratepayers the source of authority.

Clause 476. WEIGH-BRIDGES.
Amendment.—Delete sub-clause (2).
Reason.—The sub-clause provides for the painting of the tare on each vehicle. This has been found extremely difficult and a similar regulation under the Traffic Act was disallowed by Parliament.

Amendment.—Amend paragraph (a) to be made subject to the Electricity Act and paragraph (b) made subject to the Gas Act.
Reason.—To meet objections raised by the State Electricity Commission.

Reason.—To allow for the fact that councils carry on the supply of the materials mentioned.

Amendment.—Insert the words “(e) or (f)” in line 10.
Reason.—Consequent to the extended powers recommended under Clause 491.

Clause 493. UNDERTAKING TO BE CONDUCTED WITHOUT LOSS.
Amendment.—Insert the words “but subject to the next following section” at the end of the clause.
Reason.—Clarification.

Clause 494. APPLICATION OF REVENUE, ETC.
Amendment.—Amend sub-clause (2) as follows:—By deleting the words “the Minister” from line 23 and substituting the word “it”. Inserting the words “in any investments in which Trustees are authorised to invest or” after the word “investing” in line 24.
Delete the words “the same” from line 24.
Reason.—To make it unnecessary for the amount of the Reserve Fund to be approved by the Minister while permitting his approval of any investment other than authorised Trustee investments.
Amendment.—Amend sub-clause (5), deleting all words after the word "made" in line 7, and substituting the words "to the Municipal Fund."

Reason.—To reduce the Ministerial controls in the clause, to which objections had been made.

Reason.—To make the ratepayers the source of authority rather than the Minister.

Reason.—Consequential to above.

Clause 501. OTHER POWERS.

Amendment.—Amend sub-clause (7), to be subject to the Electricity Act.

Reason.—To meet objections raised by the State Electricity Commission.

Amendment.—Amend sub-clause (8) by deleting the words "subject in every case to the approval of the Minister" from lines 33 and 34.

Reason.—Ministerial control considered unnecessary.

Amendment.—Amend sub-clause (9). To be clarified so that it will stand as a completed sub-section, without confusing cross references; that is, e.g., in 'b' the word "sub-section" should read "the last preceding sub-paragraph."

Delete sub-paragraph (f).

Reason.—Clariation and to give power to meet the loan commitments from ordinary revenue, instead of charging the proceeds, rents, etc., specifically for the purpose. That would enable a council to use moneys received from cash sales of houses to build further houses instead of automatically applying these sums to loan repayments.

Clause 502. SAND-DRIFT.

Amendment.—Add to the sub-clause a provision permitting the council to serve an order forbidding cultivation of land likely to drift.

Add a new section (3) as follows:

(1) Whenever the council shall be of the opinion that for the purpose of preventing wind erosion or sand-drift which would be liable to obstruct or injuriously affect any road the vegetation growing on any land within three chains of such road should not be cut down or otherwise destroyed, or injured; it may serve notice upon the owner of that land or if the owner is not the occupier, upon the occupier also:
   (a) stating the opinion of the council, and
   (b) inviting the person upon whom the notice is served to show cause not later than a day specified in such notice, why an order should not be made forbidding the cutting down or other destruction or injury of vegetation on the land specified in the notice without the consent of the council.

(2) A person on whom a notice is served under sub-section (1) of this section, shall not, during the period between the service of the notice and the service upon him of an order or notice under sub-section (4) of this section, cut down, destroy or injure any vegetation on the land specified in the first mentioned notice, and if he does so he shall be guilty of an offence.

Penalty—One Hundred Pounds.
(3) After service of a notice or notices as mentioned in sub-section (1) of this section in relation to any land and after hearing and considering any representations made pursuant to the notice or notices the council may make an order that vegetation upon the said land shall not be cut down or otherwise destroyed or injured, during the period specified in the order, except in circumstances or with the consents (if any) as may be specified in the order.

(4) The order shall be served upon the owner of the land to which it relates, and, if the owner is not the occupier, upon the occupier also. If the council desires not to make an order it shall forthwith after making that decision serve notice thereof on the owner of the land to which the decision relates, and if the owner is not the occupier, upon the occupier also.

(5) If any person upon whom an order is served under this section contravenes the order in any way, he shall be guilty of an offence.

Penalty—One Hundred Pounds.

(6) (a) The council may give its consent to the cutting down or other destruction of, or injury to, any vegetation upon the condition that the person to whom the consent is given will, within the time specified by the council, plant other vegetation of the kind required by the council in replacement of any vegetation cut, destroyed or injured pursuant to the consent.

(b) If any person who has cut down or injured any vegetation pursuant to a consent given upon condition as mentioned in this sub-section, fails to comply with that condition, he shall be guilty of an offence.

Penalty—One Hundred Pounds.

(7) The term "vegetation" in this section shall mean and include all trees, shrubs, plants and grasses growing on the land at the time of the service of any notice or an order under this section in relation to shrubs, plants or grasses or any class of them in substitution for or in addition to trees, and in any such case this section shall apply to such shrubs, plants and grasses, and the term "vegetation" as used in this section shall be deemed to include such shrubs, plants and grasses and provided also that the term "vegetation" shall not mean or include any shrub or plant which is at the time declared under the Noxious Weeds Act, 1924, or any amendments thereof, to be a noxious weed within the district.

(8) Any person upon whom an order has been served under sub-section (4) of this section may appeal against such an order to the Minister of Agriculture who may by notice to the Council and the appellant, vary, amend, confirm or quash any such order.

Reason—To give councils power to control soil erosion.

Clause 503. IN DEFAULT.

Amendment.—The word "three" in line 36 should read "two."

Reason.—Drafting error.

Clause 509. PRIVATE WORKS.

Amendment.—Sub-clause (2) to be amended into two separate sub-sections, firstly, to permit the council to carry out for its ratepayers work which falls within the normal activity of the council, i.e., making of crossings, footpaths, private streets, drainage, etc., without the approval of the Minister being obtained:

Secondly: Provide for the power to do other works which are not within the normal scope of the council's activity, provided the consent of the Minister is obtained.

Reason.—To remove objections to Ministerial control, this now being reserved for things beyond the normal scope of the Act.

Clause 511. FUNDS.

Amendment.—Delete sub-clause (1) (b).

Reason.—A special fund is considered unnecessary.

Amendment.—Delete sub-clause (3) and substitute that one banking account may be kept in respect of the municipal and any trading funds but separate accounts must be kept for trust funds, loan capital funds, and reserve funds.

Reason.—To simplify the banking of moneys.

Reason.—Clarification.

Amendment.—Delete this clause.
Reason.—A special fund is considered unnecessary.

Clause 515. TRADING FUND.
Amendment.—In sub-clause (2) amend the expression "91 to 98" in lines 30 and 31 to read "90 to 97."
Reason.—Drafting errors.

Clause 518. RESERVE FUND.
Amendment.—Amend sub-clause (1) (a) by inserting the word "nineteen" for the word "twenty" in line 13. Insert the word "replacement" after the word "plant." Insert the words "or general reserve fund" at the end of line 13.
Reason.—Drafting errors and clarification.

Amendment.—Amend sub-clause 2 (a) by inserting the words "or replacement" in line 17, after the word "purchase."

(i) the appropriating to the General Reserve Fund for specific or general purposes, sums arising from the sale of capital assets.

Reason.—Correcting a drafting error and then reducing the area which may be exempted in respect of schools, orphanages, etc.

Amendment.—Amend sub-clause (4) by deleting the words "or held" from line 24. Add a limitation restricting the exemption to 50 acres of land as in the Queensland Local Government Act.

Reason.—To prevent land being exempted for charitable purposes unless it is used as such, not limiting the area.
Amendment.—Amend sub-clause (6) by deleting the words "or held" from line 31.

Reason.—To ensure that exemption only applies when the land is used as a cemetery.

Amendment.—Amend sub-clause (7) by deleting the words "by the Governor, or" from line 32. Add a proviso to ensure the land exempted by declaration of the Governor in the past, shall no longer be exempt by virtue of the declaration. Paragraph (c) of the proviso to stand if the recommendations in respect of Clause 522 (1) are not accepted, and in this case the proviso should also extend to remove exemption of land used for trading purposes. If the recommendation for 522 (1) is accepted, the proviso could be deleted.

Reason.—It is felt that exemption should not be given other than by Statute.

After this clause insert a definition of unimproved land which shall be deemed to be land upon which there has not been effected improvements to either one-third of the capital value of the vacant land or £50 per linear foot of frontage, whichever is the lesser. Use the word "unimproved" instead of "vacant" in the other clauses of this part.

Reason.—To clarify the present doubt as to what constitutes vacant land.

Clause 524. CHANGE OF ASSESSMENTS.

Amendment.—Amend sub-clause (2) by deleting the necessity for the consent of the Governor, from lines 3 and 4. Delete the words after "townsite" in line 6, and substitute the words "or in any other portion of the district which the Governor at the request of the Council has prescribed."

Reason.—See above.

Clauses 529 and 530. ACTION WHEN POLL CARRIED.

Reason.—To ensure that no such report is suppressed.
Amendment.—Delete sub-clause (3).
Reason.—It is considered that this gives to the Mayor a power which should be exercised only by a Court.

Clause 651. MONTHLY STATEMENTS.
Amendment.—Delete all words after the word “minutes” in line 40.
Reason.—Simplification.

Clause 652. ANNUAL BALANCING OF ACCOUNTS.
Amendment.—Amend sub-clause (1) by substituting the words “two months” for the words “twenty-eight days” in line 1.
Reason.—To allow a little more time.
Amendment.—Delete sub-clause (4).
Reason.—Unnecessary, as covered in other clauses.

Clause 653. MONEY ON HAND AT END OF YEAR TO BE BANKED.
Amendment.—Delete the clause.
Reason.—Considered unnecessary.

Clause 654. PERSON INTERESTED MAY BE PRESENT AT AUDIT.
Amendment.—Delete the clause.
Reason.—Considered to be an anachronism.

Clause 655. ANNUAL STATEMENT.
Amendment.—Delete paragraph (b) from sub-clause (2).
Reason.—The paragraph requires a statement of contracts to be given with the annual statement. An earlier recommendation requires the keeping of a register of contracts which will be open to inspection. It is therefore considered unnecessary to have this provision in.

Amendment.—Amend sub-clause (4) to provide that copies of the statement shall be made available one week before the annual meeting.
Reason.—To permit ratepayers time to study the annual statement.

Clause 657. DUTIES OF AUDITOR, AS TO UNAUTHORISED EXPENDITURE.
Amendment.—Amend this clause to take in an express power for the auditor to surcharge for shortages and deficiencies, as well as unauthorised expenditure, along the lines of the English or New South Wales provisions, which may be summarised as follows:

"It is the duty of the district auditor—
(a) To disallow every item of account which is contrary to law;
(b) To surcharge the amount of any expenditure disallowed upon the person responsible for incurring or authorising the expenditure (and the persons concerned may be the members of the Council who passed the appropriate resolution);
(c) To surcharge any sum which has not been duly brought into account upon the person by whom that sum ought to have been brought into account (e.g., where a rate-collector has failed to pay in all the sums paid to him);
(d) To surcharge the amount of any loss or deficiency upon any person by whose negligence or misconduct the loss or deficiency has been incurred (e.g., where a rate-collector has been able to retain money collected by him because the office clerk has neglected to go through the accounts properly);
(e) To certify the amount due from any person upon whom he has made a surcharge; and
(f) to certify at the conclusion of the audit his allowance of the accounts, subject to any disallowance or surcharges which he may have made."

Further provide that instead of taking action himself the auditor shall report to the Minister who, in the case of unauthorised expenditure, shall direct whether or not the auditor shall proceed, and in the case of deficiencies shall direct the council to collect the money, and in default shall authorise the auditor to take action.

Reason.—To make it unnecessary for action to be taken automatically in respect of unauthorised expenditure and to ensure that councils will take steps to recover deficiencies due to misbehaviour or neglect.
Clause 659. POWER TO DESTROY OLD BOOKS.

Amendment.—Delete the word "rate" from line 38. Amend the expression "bank books" in line 39 to read "bank pass books or statements."

Substitute the word "five" for the word "seven" in line 41.

Reason.—Clarification and shortening of the period during which it is necessary to retain old receipt books.

Clause 660. MUNICIPAL AUDITORS BOARD.

Amendment.—Take in a new sub-clause (5), as follows:—

"(5) Any person who holds a certificate of competency from a recognized institute of accountants and satisfies the Municipal Auditors Board that he has obtained sufficient knowledge of municipal law and accounting may be issued with a certificate of competency under the provisions of this Act, without being required to submit to an examination."

Reason.—To make it unnecessary for qualified accountants to take a special examination to secure an auditor's certificate.

Amendment.—Provide that at least one member of the Municipal Auditors Board shall be a member of the Institute of Chartered Accountants.

Reason.—As this body is the main one representing practising accountants, it is felt that they should have a representative on the proposed board.

Clause 661. APPOINTMENT OF AUDITOR TO CERTAIN COUNCILS.

Amendment.—Redraft the clause to provide that in the case of all cities the old system of the ratepayers electing two auditors shall be continued. Provide that in respect of all other towns the ratepayers shall elect one auditor. Add a further provision that the council shall fix the remuneration prior to the election of the auditor on each occasion on which there is an election. Provide that if the certificate of any auditor is cancelled he shall cease to hold office as an auditor. Provide for each city or town to have the right transferred from the operation of this section to the operation of Section 662 upon request.

Reason.—As the municipalities are divided on the question, some wishing to retain the right to elect, others wishing to appoint their own, and others accepting the provisions in the Bill, the proposal above is for a compromise.

Clause 662. APPOINTMENT OF AUDITORS TO OTHER COUNCILS.

Amendment.—Delete all the words after " administration " in line 12.

Reason.—It is not considered desirable to require an auditor to inspect roads.

Clause 663. COST OF AUDIT BY INSPECTOR.

Amendment.—In line 15 after the word "audit" insert the words "of a Shire council." Add to the clause a further provision that in the case of a town or city brought under the operation of Section 662 the council shall pay to the Minister, on demand, such portion of the cost of any audit as the Minister shall determine.

Reason.—Drafting error.

Clause 672. PROCEEDINGS ON CONFIRMATION OF SPECIAL REPORT.

Reason.—It is not felt that the report of a special auditor should be other than "prima facie" evidence.

Clause 673. SPECIAL AUDITORS TO HEAR EXPLANATION.

Amendment.—Substitute the word "shall" for the word "may" in line 27.

Reason.—A special auditor should be compelled to appoint a time to hear explanations.

Reason.—Subsequent amendment.
Clause 680. COUNCIL MAY DIRECT PROSECUTIONS.

Amendment.—Amend subclause (2) by deleting the words from "owner" where first appearing in line 23 to the word "owner" where appearing a second time and substitute the word "person."
Add a penalty for any person failing to obey the order of the council in this connection.
Reason.—Clarification. This clause should also be considered in conjunction with Clause 507 (2) and consideration given as to whether it would not be better incorporated among the building provisions Part XV.

Clause 699. CONDITIONS FOR ACTION AGAINST COUNCIL.
Amendment.—Include in subclause (1) a requirement that the person concerned must give formal notice within 21 days that a claim is proposed.
Provide in subclause (4) that no action will be permissible unless commenced within one year of the occurrence of the accident.
Reason.—Ensuring that actions are not unduly protracted.

Clause 701. POWER OF ENTRY.
Amendment.—Add a new subclause as follows:—
"Any person appointed under the hand of the Minister or the Mayor or President of any Council may for the purpose of this Act search the public registers of the Office of Titles and Registry of Deeds or any office of the Departments of Lands or Mines without payment of any fee."

Reason.—Supply an omission.

Clause 705. PERSONS COMMITTING BREACH TO GIVE NAME.
Amendment.—Insert the word "an" after the word "of" in line 35.
Reason.—Drafting error.

Clause 707. PENALTIES.

Reason.—Typographical error.

Clause 716. POWER TO PRESCRIBE FORMS.
Amendment.—In the heading to the Division insert the words "make regulations and" after the word "to".
Reason.—To accord with the clause which follows.

Clause 718. LIMITATION OF LIABILITY.
Amendment.—Substitute the word "than" for the word "that" in line 30. The clause should also be considered by the Draftsman as to whether it prevents reasonable rights of action and if this is so it should be redrafted to supply any deficiency.
Reason.—Clarification.

Clause 720. TESTING OF VALIDITY OF VALUATIONS, RATES, LOANS.
Amendment.—Delete the reference to loans in the relevant subclauses and clarify in regard to valuations and rates, to make it clear that the power given is to test the validity of the valuation of the whole district.
Reason.—Clarification and abolition of right to attack the validity of a loan, in view of provisions of Clause 625.

Clause 724. POWER TO APPEAL TO LOCAL COURT FROM DECISION OF COUNCIL.
Amendment.—Redraft to confine the power of appeal to by-laws or regulations of a council.
Reason.—It is considered that if every decision of a council can be appealed against it may lead to excessive litigation.

Clause 725. STATISTICS.
Amendment.—Delete the second half of the clause as printed.
Reason.—Typographical error, duplication.

Clause 726. ADVISORY BOARDS.
Amendment.—Amend subclause (1) to provide that the Governor may appoint an advisory board to consider the question of the boundaries of municipalities, and that he may at the request of any local authority or local government association also appoint an advisory board on any other question. In this latter case at least two members of the advisory board shall be chosen from among the persons listed in a panel of names submitted by the local authority or local government association.
Reason.—It is felt that advisory boards should not be created other than by request, except in regard to boundary questions, which require an advisory board because of the provisions of Sections 34-36 of this Bill,
Amendment.—Substitute the word "thereof" for the word "hereof" in line 6.
Reason.—Typographical error.

Clause 727. TEMPORARY PROVISIONS.
Amendment.—Alter the dates to a more suitable period and delete subclause (3).
Reason.—Owing to the Bill being delayed the dates therein specified are no longer suitable. In view of the recommendation for the alteration of the audit provisions subclause (3) is no longer necessary.
