7101. Mr J.N. Hyde to the Minister representing the Minister for Commerce

In reference to the Construction Contracts Act 2004, I ask:

- (a) Is the Minister aware that Section 56. Review of Act, states as soon as practicable after the fifth anniversary of its commencement, the Minister must review the operation and effectiveness of this Act and prepare a report about the review; and
- (b) why has the Minister failed to review the Act?

7102. Mr T.G. Stephens to the Minister for Water

Regarding the proposal to establish a sand mine on the Yule River near Port Hedland by Dumpna Pty Ltd, I ask:

- (a) with a minimum of 5 departments and agencies involved in the approval process for this sand mine, will the Minister take the lead in ensuring that the relevant representative officers from each of these departments and agencies meet urgently to ensure that due diligence is exercised in the review of Dumpna's mining proposal;
- (b) will the Minister verify that the locations for groundwater monitoring bores have been specifically laid out for Dumpna Pty Ltd by officers of either the Minister's departments, or the Department for Mines and Petroleum; and
- (c) bearing in mind that Dumpna currently holds sand mining leases at an alternative site at Turner River, 30 kilometres from the Yule River, and that the Turner River does not supply drinking water to Port Hedland, will the Minister ensure that every possible check is made of this proposal before this P1 drinking water source is possibly put at risk, and if not, why not?
