In relation to the ongoing issues with mould at the South Hedland and Pundlemurra campuses of the Pilbara Institute (ex Tafe), and following the comment in emails to staff in early July by the Director of Corporate Services that there was a 'one in a million' chance of mould infecting the lung:

- (a) will the Minister provide a full and detailed list of the dates and the numbers of reports of lung and respiratory infections from staff of both campuses;
- (b) is the Minister aware of complaints from staff that management have adopted a bullying attitude towards staff who have complained of ill-health;
- (c) is the Minister aware of complaints from staff that management are demanding that they return to work citing a report dated 31 August 2011 to suggest that many areas are clear of any spores;
- (d) can the minister explain why the 31 August 2011 test results, purported to be from the reception, staff kitchen, compactor, directors office, council kitchen, and certain

offices & book rooms at the South Hedland Campus showed a result of no growth for fungal count, a result more consistent with a sterile laboratory atmosphere than in areas open to the outside and frequented by people;

- (e) is the Minister aware of staff complaints that the firm currently charged with removing mould from both campuses is using inexperienced backpackers as casual labour to assist with the clean up; and
- (f) will the Minister now authorise an independent assessment of the air & surface counts of spores at the South Hedland and Pundlemurra campuses as staff & students are continuing to fall sick, and
  - (i) if not, why not?
