

BARROW ISLAND ACT 2003 (WA) – SECTION 13

**APPROVAL TO DISPOSE OF CARBON DIOXIDE BY INJECTION INTO
SUBSURFACE FORMATION**

**ANNEXURE 1:
CO2 DISPOSAL BY INJECTION – COLLATERAL DEED**

**ANNEXURE 2:
CO2 DISPOSAL MANAGEMENT PLAN**

BARROW ISLAND ACT 2003 (WA) – SECTION 13

APPROVAL TO DISPOSE OF CARBON DIOXIDE BY INJECTION INTO SUBSURFACE FORMATION

Unless the context otherwise requires, words and phrases used in this document have the meaning given to them by the *Barrow Island Act 2003* (WA) ("the Act").

On 19 June 2009 CHEVRON (TAPL) PTY LTD ABN 18 081 647 047, MOBIL AUSTRALIA RESOURCES COMPANY PTY LIMITED ABN 38 000 113 217 and SHELL DEVELOPMENT (AUSTRALIA) PROPRIETARY LIMITED ABN 14 009 663 576 (hereinafter collectively called "the Joint Venturers" (in which term shall be included their respective successors and permitted transferees) and each a "Joint Venturer") made application pursuant to section 13 of the Act ("the Application") for approval to inject carbon dioxide recovered during gas processing on Barrow Island as part of the Project (as defined in the Agreement) into the subsurface formation beneath Barrow Island known as the Dupuy Formation and being more particularly identified in the Application ("the Formation") for the purpose of disposing of such carbon dioxide.

I, THE HONOURABLE COLIN JAMES BARNETT MEd., M.L.A., in my capacity as the BI Act Minister have in accordance with section 13 of the Act considered the Application and for the purposes of that section approve, subject to the following conditions and restrictions, the Joint Venturers and their employees, agents and contractors on their behalf injecting the abovementioned carbon dioxide into the Formation for the purposes of disposing of such carbon dioxide.

Conditions and restrictions regulating disposal of carbon dioxide by injection:

Approval of detailed proposals submitted under clause 7 of the Agreement

1. The BI Act Minister has approved under clause 8 of the Agreement complete detailed proposals submitted by the Joint Venturers pursuant to clause 7 of the Agreement, including without limitation, proposals in respect of the disposal of carbon dioxide as mentioned in clause 7(1)(d) and in respect of the matters mentioned in clause 7(1)(p).

Irrevocable undertaking by Deed Poll

2. The Joint Venturers provide to the State of Western Australia ("the State") within 60 days of the date of this document, irrevocable covenants and agreements in favour of the State substantially (to the BI Act Minister's satisfaction) in the form and in the terms of the draft deed set out in Annexure 1 to this document duly executed by each of the Joint Venturers.

Composition of injected carbon dioxide

3. The injected carbon dioxide meets each of the following chemical specifications:
- (a) at least 97 % (mole) carbon dioxide;
 - (b) less than 3.0 % (mole) of hydrocarbon;
 - (c) less than 400 parts per million volume of hydrogen sulphide;
 - (d) less than 10 parts per million volume of nitrogen; and
 - (e) less than 3000 parts per million volume of water.

Carbon dioxide injection rate and volume

4. (a) The rate of injection of carbon dioxide shall not exceed a daily rate of $9.9\text{e}6\text{m}^3/\text{d}$ (350 MMscf/d) and an annual average injection rate of $9.2\text{e}6\text{m}^3/\text{d}$ (325 MMscf/d), calculated from and including the beginning of the calendar year during which the Joint Venturers commence the commissioning of their carbon dioxide injection facilities.
- (b) The maximum injection volume shall not exceed $87.5\text{e}9\text{m}^3$ (3.1Tcf) calculated from and including the beginning of the calendar year during which the Joint Venturers commence the commissioning of their carbon dioxide injection facilities.
- (c) The Joint Venturers to notify the BI Act Minister of the date ("**Commissioning Commencement Date**") on which they commence the commissioning of their carbon dioxide injection facilities within 7 days after such commencement occurs.

Compliance with CO2 Disposal Management Plan

5. (a) The Joint Venturers implement and comply with the management plan set out in Annexure 2 to this document as revised from time to time in accordance with paragraph (b) ("**the Management Plan**").
- (b) The Joint Venturers review (in consultation with the department for the time being principally responsible for assisting the BI Act Minister in the administration of the Act ("**the Department**") the Management Plan for the purpose of ensuring it remains up-to-date and consistent with then current industry best practice for carbon dioxide injection and management of injected carbon dioxide (including, without limitation, monitoring of injected carbon dioxide) and submit prior to each of the following times:
- (i) the date ("**First Revision Date**") occurring 12 months before the anticipated date for commencement of commissioning of the Joint Venturers' carbon dioxide injection facilities (such anticipated date to be notified by the Joint Venturers to the BI Act Minister at least 15 months before such anticipated date);
 - (ii) every anniversary of the First Revision Date until and including the fourth such anniversary following the date ("**Operations Date**") on

which the Joint Venturers commence continuous carbon dioxide injection operations (such Operations Date to be notified by the Joint Venturers to the BI Act Minister within 7 days after it occurs);

(iii) the fifth anniversary, following the Operations Date, of the First Revision Date and every fifth anniversary of such date thereafter, or other regular period approved from time to time by the BI Act Minister; and

(iv) within 2 months, or such longer period allowed by the BI Act Minister, of the BI Act Minister notifying the Joint Venturers that the Management Plan must be reviewed and revised,

proposed revisions (being not inconsistent with the other conditions of this document) to the Management Plan for consideration and approval (if thought fit) by the BI Act Minister.

The Joint Venturers amend the proposed revisions to the Management Plan if and as required by the BI Act Minister and submit the amended revisions, within 30 days of being notified of the BI Act Minister's required amendments, for approval by the BI Act Minister.

(c) Pending the BI Act Minister's approval of proposed revisions to the Management Plan and subject to condition 17, the Management Plan then in force will continue to apply.

Injection and monitoring facilities to be constructed and operated in accordance with legal requirements

6. (a) The pipeline and injection wells for the transport and injection of carbon dioxide, the pressure management (water production and water injection) wells for managing the injected carbon dioxide, the surveillance wells for monitoring injected carbon dioxide and the shallow cathodic protection anode ground beds for protecting the wells, are constructed, operated and maintained in accordance with:

(i) the proposals approved under the Agreement relating to such pipeline, wells and ground beds;

(ii) all applicable approvals under and requirements and conditions of the *Environmental Protection Act 1986* (WA) and regulations made thereunder and any other laws relating to the environment;

(iii) the terms of the pipeline licence(s) granted pursuant to the *Petroleum Pipelines Act 1969* (WA) relating to the pipeline, wells and ground beds;

(iv) the terms of the tenure granted under the *Land Administration Act 1997* (WA) (as modified by the Act) relating to the pipeline, wells and ground beds; and

(v) any other approvals and legal requirements applicable from time to time.

- (b) The carbon dioxide compression facilities relating to the injection of carbon dioxide are constructed, operated and maintained in accordance with:
 - (i) the proposals approved under the Agreement relating to such facilities;
 - (ii) all applicable approvals under and requirements and conditions of the *Environmental Protection Act 1986* (WA) and regulations made thereunder and any other laws relating to the environment;
 - (iii) the *Dangerous Goods Safety Act 2004* (WA) and any regulations made thereunder;
 - (iv) the terms of the tenure granted under the *Land Administration Act 1997* (WA) (as modified by the Act) relating to the facilities; and
 - (v) any other approvals and legal requirements applicable from time to time.
- (c) Monitoring surveys and other activities for monitoring injected carbon dioxide are undertaken in accordance with:
 - (i) the proposals approved under the Agreement relating to such surveys and other activities;
 - (ii) all applicable approvals under and requirements and conditions of the *Environmental Protection Act 1986* (WA) and regulations made thereunder and any other laws relating to the environment;
 - (iii) the terms of the tenure granted under the *Land Administration Act 1997* (WA) (as modified by the Act) relating to such surveys and activities; and
 - (iv) any other approvals and legal requirements applicable from time to time.

Interference with other rights

- 7. The Joint Venturers carry on their carbon dioxide injection operations (including, without limitation, monitoring activities) in a manner that does not interfere with:
 - (a) navigation;
 - (b) fishing;
 - (c) the conservation of the resources of the soil, sea, sea-bed or the Earth's crust;
 - (d) the surface of any land or any improvements thereon;
 - (e) any operations of another person being lawfully carried on by way of exploration for, recovery of or conveyance of a mineral or petroleum, including, without limitation, by way of construction or operation of a pipeline; and

- (f) the enjoyment of native title rights and interests (within the meaning of the *Native Title Act 1993* (Cth)),

to a greater extent than is necessary for the reasonable exercise of the rights and performance of the obligations of the Joint Venturers in carrying out their carbon dioxide injection operations (including, without limitation, monitoring activities).

Recovery of State's costs and expenses

8. The Joint Venturers make the following payments to the Department (on behalf of the State):
- (a) on or before each anniversary of the date of this document:
 - (i) subject to subparagraph (ii), \$110,000 (inclusive of GST (which term has the meaning given in section 195-1 of the *A New Tax System (Goods and Services Tax) Act 1999* (Cth))); or
 - (ii) such other amount determined from time to time (but no more frequently than once every 5 years after the date of this document) by the BI Act Minister in reference to the State's anticipated reasonable routine (non-investigative) costs and expenses in administering this document and notified to the Joint Venturers; and
 - (b) within 60 days of demand of them by the BI Act Minister, accompanied by reasonable substantiation of the costs and expenses to which the demand relates, all reasonable costs and expenses (and in addition all associated GST) incurred by and on behalf of the BI Act Minister and the State in investigating the Joint Venturers' activities, operations, facilities, equipment, systems, records and information for compliance with the conditions and restrictions of this document, such investigations to be carried out as and when the BI Act Minister considers necessary with, after the BI Act Minister gives notice of the investigation to the Joint Venturers, the co-operation of the Joint Venturers (including, without limitation, the provision of access to all relevant personnel, activities, operations, facilities, equipment, systems, records and information).

Internal audits of compliance

9. The Joint Venturers undertake and complete, at their own cost, internal audits regarding their compliance with the conditions and restrictions of this document at least once every 12 months commencing on and including the date of this document or at any other lesser interval from time to time determined by the BI Act Minister and notified in writing by the BI Act Minister to the Joint Venturers.

Provision of compliance reports to BI Act Minister

10. (a) The Joint Venturers provide annual reports to the BI Act Minister complying with paragraph (c)(i) of this condition within 3 months after each anniversary of the date on which condition 1 of this document is satisfied.
- (b) At the request from time to time of the BI Act Minister, the Joint Venturers provide an interim report to the BI Act Minister complying with paragraph (c)(ii) by the date reasonably determined by the BI Act Minister, having regard

to the requested content of the report, and specified in the request (being not less than 30 days after the date of the BI Act Minister's request).

- (c) Each report to be provided pursuant to:
 - (i) paragraph (a) of this condition must contain the matters set out in paragraph (d) in respect of the 12 month period ending 3 months prior to the report's due date; and
 - (ii) paragraph (b) of this condition must contain such of the matters set out in paragraph (d) as are specified in the BI Act Minister's request pursuant to paragraph (b) in respect of the period commencing from the end of the period the subject of the last report provided pursuant to paragraph (a) (or such later date as may be specified in the BI Act Minister's request) and ending on the date of the BI Act Minister's request.
- (d) The matters to be contained, subject to paragraph (c)(ii), in each report are:
 - (i) a statement as to whether or not, after due inquiry, it is the opinion of the Joint Venturers that the conditions and restrictions in this document have been complied with by the Joint Venturers;
 - (ii) a summary of all identified or suspected instances of non-compliance with the conditions and restrictions of this document and a description of corrective or other remedial or preventive action taken in respect of each instance;
 - (iii) a summary of all corrective or other remedial or preventative action taken or proposed to be taken to prevent or minimise the risk of non-compliance with the conditions and restrictions of this document in the future; and
 - (iv) any other matter notified by the BI Act Minister to the Joint Venturers relating to compliance by the Joint Venturers with the conditions and restrictions of this document.

Provision of operational reports to BI Act Minister

- 11. (a) The Joint Venturers provide to the BI Act Minister:
 - (i) an annual report in respect of the status and progress of, and planning for, the commencement of their carbon dioxide injection operations (including, without limitation, monitoring activities), the first report being due one year after the date upon which condition 1 of this document is satisfied and each subsequent report being due on each anniversary of that date until provision of the first report under subparagraph (iii);
 - (ii) a report 12 months before the anticipated date (to be notified by the Joint Venturers to the BI Act Minister at least 15 months prior to the anticipated date) for commissioning of the Joint Venturers' carbon dioxide injection facilities, summarising the Joint Venturers'

interpretation of the baseline monitoring data obtained and recorded in accordance with the Management Plan; and

- (iii) annual reports complying with paragraph (c)(i) of this condition:
 - (A) the first report being due by 31 March in the year after the calendar year during which the Commissioning Commencement Date occurs; and
 - (B) each subsequent report being due by 31 March in each following year.
- (b) At the request from time to time of the BI Act Minister, the Joint Venturers provide an interim report to the BI Act Minister complying with paragraph (c)(ii) by the date reasonably determined by the BI Act Minister, having regard to the requested content of the report, and specified in the request (being not less than 30 days after the date of the BI Act Minister's request).
- (c) Each report to be provided pursuant to:
 - (i) paragraph (a)(iii) of this condition must contain the matters set out in paragraph (d) in respect of the calendar year ending 31 December immediately prior to the report's due date and the matters set out in paragraph (e) in respect of the calendar year in which the report is due; and
 - (ii) paragraph (b) of this condition must contain:
 - (A) such of the matters set out in paragraph (d) as are specified in the BI Act Minister's request pursuant to paragraph (b) in respect of the period commencing on 1 January in the year of the BI Act Minister's request (or such later date as may be specified in the BI Act Minister's request) and ending on the date of the BI Act Minister's request; and
 - (B) the matters set out in paragraph (e) in respect of the 12 month period commencing on the day after the date of the BI Act Minister's request.
- (d) The (historical) matters to be contained, subject to paragraph (c)(ii), in each report are:
 - (i) the average annual rate of injection and recorded injection rate range and total volume of carbon dioxide injected;
 - (ii) the chemical specifications and compositional variation of the injected carbon dioxide;
 - (iii) a summary of the results of monitoring activities relating to injected carbon dioxide;
 - (iv) a summary of interpretations of the data collected from monitoring activities relating to injected carbon dioxide;

- (v) the gross and net abatement of greenhouse gas emissions arising from the injected carbon dioxide;
 - (vi) any recognised circumstances or matters that might indicate that the risks associated with the injected carbon dioxide have changed;
 - (vii) a summary of the facilities installed, and redundant facilities removed, in accordance with approved proposals under the Agreement; and
 - (viii) any other matter notified by the BI Act Minister to the Joint Venturers relating to the carbon dioxide injection operations (including, without limitation, monitoring activities).
- (e) The (future) matters to be contained in each report are:
- (i) planned maintenance of the Joint Venturers' carbon dioxide injection and monitoring facilities;
 - (ii) planned monitoring surveys and activities;
 - (iii) planned installation of facilities, and removal of redundant facilities, in accordance with approved (at the date of the report) proposals under the Agreement; and
 - (iv) any other matter notified by the BI Act Minister to the Joint Venturers relating to the carbon dioxide injection operations (including, without limitation, monitoring activities).

Incident reporting

12. The Joint Venturers:

- (a) notify the BI Act Minister of:
 - (i) any unplanned carbon dioxide leakage from the Joint Venturers' carbon dioxide injection facilities or of any evidence or information that the carbon dioxide plume is not behaving as modelled or otherwise expected by the Joint Venturers;
 - (ii) any significant risk, and any significant change in the nature, severity, timeframe for and probable eventuality of any such risk previously notified to the BI Act Minister, to:
 - (A) the health or safety of any person or property;
 - (B) the environment;
 - (C) resources (including, without limitation, petroleum or natural gas fields),
 indicated by evidence or information (including without limitation modelling) relating to the migration of the carbon dioxide plume;

- (iii) contravention of composition, injection rate, volume and other quantitative or chemical limitations contained in this document (including, without limitation, the Management Plan); and
- (iv) any actual or suspected breach of a condition, or restriction of this document,

as soon as reasonably practicable after becoming aware of the relevant incident, event, risk, change in risk or matter referred to in this paragraph;

- (b) as soon as practicable after becoming aware of an incident, event, risk, change in risk or matter referred to in paragraph (a), provide a report on it to the BI Act Minister containing the following matters:

- (i) a detailed description of the relevant incident, event, risk, change in risk or matter (including, without limitation, the potential consequences of the relevant incident, event, risk or matter); and
- (ii) a detailed description of the Joint Venturers' proposed actions and/or actions taken in respect of the relevant incident, event, risk or matter (including, without limitation, the intended and potential consequences of such action); and

- (c) as soon as practicable after taking any action in respect of the relevant incident, event, risk, change in risk or matter the subject of a report referred to in paragraph (b), provide a report to the BI Act Minister containing the following matters:

- (i) a detailed description of the actions taken;
- (ii) to the extent possible, the apparent consequences of such actions;
- (iii) whether in the Joint Venturers' opinion the actions have adequately addressed, alleviated or otherwise dealt with the relevant incident, event, risk, change of risk or matter;
- (iv) any future action that is required or prudent to address, alleviate or otherwise deal with the relevant incident, event, risk, change of risk or matter (including, without limitation, proposed revisions to the Management Plan); and
- (v) any future action that is required or prudent to address, alleviate or otherwise deal with any potential similar incident, event, risk, change of risk or matter in the future (including, without limitation, proposed revisions to the Management Plan).

Record-keeping and access

- 13. (a) The Joint Venturers keep up to date, complete and detailed records of all results, data and information relating to their carbon dioxide injection operations (including, without limitation, monitoring activities) in accordance with the data retention plan approved by the BI Act Minister in accordance with this condition.

- (b) The Joint Venturers prepare (in consultation with the Department) a draft data retention plan and submit it to the BI Act Minister within 12 months after condition 1 is satisfied for consideration and approval (if thought fit) by the BI Act Minister.

The Joint Venturers amend the draft data retention plan if required by the BI Act Minister and submit the amended draft data retention plan, within 30 days of being notified of the BI Act Minister's required amendments, for approval by the BI Act Minister.

- (c) If required by the BI Act Minister at any time or from time to time by request of the Joint Venturers, the Joint Venturers provide to the Department in Perth, Western Australia, access to the results, data and information referred to in paragraph (a).

Security

14. The Joint Venturers provide the security (including, without limitation, replacement security) described in clause 3 of the draft deed set out in Annexure 1 to this document if such security is required to be provided in accordance with that clause.

Insurance

15. (a) The Joint Venturers provide and maintain the insurance policies described in clause 4 of the draft deed set out in Annexure 1 to this document if such policies are required to be maintained in accordance with that clause.
- (b) The Joint Venturers provide copies of each policy to the BI Act Minister within 30 days of the date of issue and each subsequent date of renewal or amendment of the respective policy.

Indemnity in favour of the State

16. The Joint Venturers indemnify the State and its servants, agents and contractors in accordance with the indemnity set out in clause 5 of the draft deed set out in Annexure 1 to this document.

Administrative conditions and restrictions:

Breach or failure to perform and revocation

17. (a) Subject to paragraph (b) of this condition, if the BI Act Minister becomes aware of, or assesses that, the Joint Venturers have failed to perform any aspect of their carbon dioxide injection operations (including, without limitation, monitoring activities) in the manner or in accordance with the conditions and restrictions of this document and notifies the Joint Venturers of the failure and requires the Joint Venturers to rectify the failure ("Rectification Notice"), the Joint Venturers must respond to, and fully comply with the Rectification Notice including, without limitation, by:
- (i) providing any further information in respect of their performance of their operations or activities as may be required by the Rectification Notice; and

- (ii) meeting with the BI Act Minister and submitting their plans to remedy the failure and improve performance in the areas identified by the Rectification Notice,

within the time reasonably specified by the BI Act Minister in the Rectification Notice (or such further time as the BI Act Minister may allow), or if no time frame is specified, within a reasonable period after receiving the Rectification Notice.

- (b) If the BI Act Minister is of the reasonable opinion that the Joint Venturers have committed:

- (i) a material breach of any condition or restriction of this document which is not capable of being rectified; or
- (ii) a breach of the condition in paragraph (a) above because the Joint Venturers failed to fully comply with a Rectification Notice within the time frame allowed by the BI Act Minister,

the Joint Venturers must as soon as practicable after being directed by the BI Act Minister to do so, cease injecting carbon dioxide until the BI Act Minister notifies the Joint Venturers that they may re-commence such injection and until such notification is given any further injection is in contravention of section 13(1) of the Act.

- (c) The BI Act Minister may, at his or her discretion, but subject to first consulting the Joint Venturers, at any time suspend or revoke the approval conferred by this document for the Joint Venturers to inject carbon dioxide into the Formation pursuant to section 13 of the Act if the BI Act Minister forms an opinion described in paragraph (b).

The Joint Venturers acknowledge that as contemplated by paragraph (b) it is not necessary for the BI Act Minister to suspend or revoke the approval conferred by this document for the Joint Venturers to be in contravention of section 13(1) of the Act.

- (d) Notwithstanding the above and independently of any breach by the Joint Venturers of a condition or restriction of this document, the BI Act Minister may at his or her discretion, but subject to first consulting the Joint Venturers, at any time suspend or revoke the approval conferred by this document for the Joint Venturers to inject carbon dioxide into the Formation pursuant to section 13 of the Act if the BI Act Minister forms the opinion that the continued injection of carbon dioxide into the Formation poses unreasonable risks to:

- (i) the health or safety of any person or property;
- (ii) the environment;
- (iii) resources (including, without limitation, petroleum or natural gas fields),

and the Joint Venturers must as soon as practicable after being directed by the BI Act Minister to do so, cease injecting carbon dioxide until the BI Act

Minister notifies the Joint Venturers that they may re-commence such injection and until such notification is given any further injection is in contravention of section 13(1) of the Act.

- (e) If not already revoked, the approval conferred by this document as referred to above shall be deemed to be revoked upon notification by the Joint Venturers pursuant to clause 8.2 of the deed to be provided in compliance with condition 2 that they have permanently ceased injecting carbon dioxide into the Formation.

Transfer of right, in compliance with this document, to inject carbon dioxide

- 18. (a) This condition applies where an assignment (including without limitation pursuant to a mortgage or charge) by a Joint Venturer pursuant to clause 21(1) of the Agreement will result in a change in the persons comprising, immediately before such assignment, the Joint Venturers as defined in the Agreement.
- (b) If a Joint Venturer wishes to assign the whole or part of its rights in and under the Agreement, the Joint Venturer to:
 - (i) in conjunction with such assignment and on the basis it takes effect at the time of such assignment, transfer the right as one of the continuing Joint Venturers and in compliance with the conditions and restrictions of this document, to inject carbon dioxide into the Formation; and
 - (ii) after the deed referred to in condition 2 is provided to the State, cause the proposed assignee to execute in favour of the State (unless the BI Act Minister otherwise determines) prior to such assignment a deed of covenant in a form to be approved by the BI Act Minister to, from and including such assignment and during the unexpired currency of that deed comply with, observe and perform the provisions of that deed.
- (c) The Joint Venturers to notify the BI Act Minister within 7 days after such assignment and transfer occurs of the date on which it occurred and the names of the persons then comprising the Joint Venturers (as defined in the State Agreement and for the purposes of this document).

Variation

- 19. (a) Subject to the Act, the Joint Venturers and the BI Act Minister may agree from time to time to add to, substitute for, cancel or vary all or any of the conditions and restrictions of this document.
- (b) Subject to the Act, the BI Act Minister may from time to time in the BI Act Minister's discretion and by notice to the Joint Venturers, but subject to first consulting the Joint Venturers, add to, substitute for, cancel or vary all or any of the conditions and restrictions of this document for the following purposes:
 - (i) to allow for the more efficient or satisfactory regulation of the injection of carbon dioxide into the Formation;
 - (ii) to enable the injection of carbon dioxide to be undertaken in accordance with prevailing industry practices; or

- (iii) to enable the injection of carbon dioxide to be undertaken in a manner that reduces risks to the environment, mineral and petroleum resources and persons.
- (c) Subject to the Act, the BI Act Minister may from time to time in the BI Act Minister's discretion add to, substitute for, cancel or vary all or any of the conditions and restrictions of this document to reflect and accommodate the conditions and restrictions upon which the BI Act Minister may, under section 13 of the Act, grant any further approval to the Joint Venturers to inject into the Formation carbon dioxide recovered during gas processing on Barrow Island as part of the Project (as defined in the Agreement).

Notices

20. Each approval, demand, direction, notice, request, requirement, report or other communication other than consultation in connection with this document must be in writing and shall be:

- (a) given or sent by the Joint Venturers to the BI Act Minister if signed on their behalf by a person or persons authorised by the Joint Venturers or by their solicitors as notified by them to the BI Act Minister from time to time and forwarded by prepaid post or by hand or facsimile to the BI Act Minister (with a copy to the Director General of the Department) to the following addresses or facsimile numbers or such addresses or facsimile numbers in Perth, Western Australia last notified to the Joint Venturers for the purpose:

BI Act Minister

Address: Level 19
197 St Georges Terrace
PERTH WA 6000

Facsimile: (08) 9321 2166

Director General of the Department

Address: Level 6
1 Adelaide Terrace
EAST PERTH WA 6004

Facsimile: (08) 9222 0505

- (b) given or sent by the BI Act Minister to the Joint Venturers if signed by the BI Act Minister or by a senior officer of the Department acting by the direction of the BI Act Minister and forwarded by prepaid post or by hand or facsimile to the Joint Venturers to the following address in Perth Western Australia or facsimile number or such addresses in Perth, Western Australia or facsimile numbers last notified by the Joint Venturers to the BI Act Minister for the purpose:

Chevron (TAPL) Pty Ltd
(Attention: General Manager, Greater Gorgon Area)

Address: Level 30 QV1 Building
250 St Georges Terrace
PERTH WA 6000

Facsimile: (08) 9216 4140

Mobil Australia Resources Company Pty Limited
(Attention: Project Manager)

Address: Level 17
178 St Georges Terrace
PERTH WA 6000

Facsimile: (08) 6210 0621

Shell Development (Australia) Proprietary Limited
(Attention: Gorgon Project Director)

Address: Level 28 QV1 Building
250 St Georges Terrace
PERTH WA 6000

Facsimile: (08) 9338 6000;

(c) will be taken to be received when :

- (i) if delivered by hand, when delivered;
- (ii) in the case of delivery by post, 2 business days (in Perth, Western Australia) after the date of posting (if posted to an address within the same country) and 7 business days (in Perth, Western Australia) after the date of posting (when posted to an address in another country); and
- (iii) in the case of facsimile transmission, on receipt by the sender of a transmission report from the despatching machine showing the relevant number of pages, the correct destination facsimile number and indicating that the transmission has been made without error.

DATED: 14/9/09

.....
THE HONOURABLE COLIN JAMES BARNETT
MINISTER FOR STATE DEVELOPMENT
