

**Table 1**  
**Report of an Announced Inspection of Roebourne Regional Prison' and the 2010**  
**inspection referred to in Report 89.**  
**Completed Recommendations as at 23 February 2016**

<b>Recommendation</b>	
<b>1</b>	Review orientation processes for both male and female prisoners to ensure that orientation is consistent, comprehensive and effective
<b>2</b>	Conclude the audit and remediation of substandard bunk beds at Roebourne Regional Prison without further delay.
<b>3</b>	Renovate cells including replacement of warped shutters, cell doors, shelving, noticeboards and linoleum where required, and repaint all surfaces and provide underbed storage.
<b>6</b>	Consider means to revitalise and sustain an effective Aboriginal Visitor Scheme at Roebourne Regional Prison.
<b>7</b>	Develop a recreation development plan for RRP giving consideration to promotion of fitness and healthy lifestyles involving all prisoner cohorts; training and employment opportunities for prisoners; creating an indoor recreation facility; enhancing in-unit fitness and recreation options; cultural participation and development, including dedicated spaces for art and music; access to the library including electronic resources; and community
<b>8</b>	Allow women prisoners to attend religious services
<b>19</b>	Dedicate additional resources for prisoner assessment and report writing
<b>20</b>	A strategy for increased prisoner engagement in employment, education, training and community work should be developed
<b>21</b>	Staffing for industry, vocational training and external work should be fully restored, quarantined as far as practical from cross deployment to other duties and adequate relief arrangements established
<b>22</b>	Establish a staffing policy for education and vocational training at Roebourne Regional Prison that acknowledges the special difficulties of maintaining such a service in such an environment, reduces its exposure to vacancy management, has appropriate measures aimed at staff retention and includes an Indigenous recruitment and development component
<b>23</b>	Restore employment services to prisoners at Roebourne Regional Prison.
<b>24</b>	The reasons for poor recidivism outcomes at RRP should be reviewed, with input from relevant stakeholders. A rehabilitation strategy for Roebourne Regional Prison should be developed.
<b>29</b>	Consider additional staff resources for security and prosecutions
