Busselton Water’s vision is to provide excellence and leadership in the provision of all water services.

We aim to deliver all water services safely, sustainably, commercially and in collaboration with our customers.

Our values of Integrity, Respect and Courage guide the way we do business.

Our strategic priorities are:
- Leadership;
- Strategy and Planning;
- Information and Knowledge;
- People;
- Customers and Other Stakeholders;
- Process Management, Improvement and Innovation;
- Results and Sustainable Performance; and
- Growth.

We measure our success by the performance outcomes we achieve across these strategic priorities.

In 2018-19 we anticipate a profit after tax of $1.45 million, a net accrual to Government of $1.28 million and completion of a $3.72 million asset investment program.

Chris Elliott
Chief Executive Officer

Helen Shervington
Chair
Busselton Water shares a 110-year history and culture with our community.

We are owned by the Western Australian Government and are accountable to our sole shareholder, the Minister for Water.

Busselton Water is a water corporation, established by the Water Corporations Act 1995 on 18 November 2013. The legislation provided increased scope for commercialisation and, as such, Busselton Water is well positioned for growth and diversification.

Our operating licence is issued by the Economic Regulation Authority and defines our current licence area. We currently provide potable water services to the city of Busselton and bulk water supplies to the neighbouring town of Dunsborough.

Our business is funded from customer water sales, related services from our customers (including land developers), interest on our investments, borrowings and operating subsidies.

Our water is sourced from the Yarragadee and Leederville aquifers which provide high quality groundwater. Our abstraction is regulated through licences issued by the Department of Water and Environmental Regulation.

The raw groundwater has turbidity and iron concentrations above the aesthetic drinking water guideline limits, so these are removed by oxidation and filtration processes at Busselton Water’s treatment plants. The water is also disinfected using chlorine before being distributed through our network to customers.
Our structure

Minister for Water

OUR VISION
Excellence and leadership in the provision of all water services.

OUR PURPOSE
To deliver all water services safely, sustainably, commercially and in collaboration with our customers and key stakeholders.

OUR VALUES

Integrity
We are open and transparent in everything we do. We:
• act ethically;
• are accountable for our actions;
• contribute to a work environment free from harassment and discrimination; and
• understand that each individual is unique and recognise our differences.

Respect
We value our people, our environment and our community. We:
• work with an uncompromised focus on safety;
• are aware of our impact on others and use it to build a positive work environment;
• act in an environmentally responsible way; and
• coach and develop each other in living our values.

Courage
We embrace innovation, challenges and opportunity. We:
• have a positive and optimistic attitude towards goals;
• think differently about the future and how to get things done;
• are resilient and tenacious when faced with difficulty; and
• set and expect high standards of performance for ourselves and our teams.
Our strategic priorities

OUR EIGHT AREAS OF STRATEGIC PRIORITY SUPPORT OUR VISION AND PURPOSE:

- Leadership
- Strategy and Planning
- Information and Knowledge
- People
- Customers and Other Stakeholders
- Process Management, Improvement and Innovation
- Results and Sustainable Performance
- Growth

Our strategic priorities guide our actions and target our key opportunities and challenges, with each priority area directed by its own strategic plan.

Strategy and Planning

We are committed to:
Using systems and processes to establish and communicate our purpose, vision, values and strategies and to turn strategic decisions and imperatives into actionable plans.

In 2018-19 we will:
- review and update all elements of the Strategic Planning Framework; and
- implement the 2018-19 cycle of the Strategic Planning Process.

Information and Knowledge

We are committed to:
The effective application of the information and knowledge required to achieve our business goals.

In 2018-19 we will:
- implement our Digital Security Policy;
- implement the new Water Services Code of Conduct (Customer Services Standards) 2018; and
- establish an updated ICT five-year plan.

People

We are committed to:
Attracting, developing and retaining a highly skilled and motivated workforce and to creating a great place to work where our people are safe and make a meaningful contribution to organisational improvement, goals and success.

In 2018-19 we will:
- enhance our workforce and succession plans; and
- continue our occupational safety and health improvement plans based on WorkSafe and Industrial Foundation for Accident Prevention (IFAP) assessments.

Leadership

We are committed to:
Developing and using effective systems and processes of leadership based on business excellence, developing a culture that is consistent with our values and contributing to the liveability and sustainability of our local community and environment.

In 2018-19 we will:
- implement the 2018-19 Audit Program;
- create value for our community through our Community Partnership Program; and
- deliver our Society, Community and Environmental Responsibility Plan including water efficiency and energy management plans.
Our strategic priorities

 Customers and Other Stakeholders

 We are committed to:
 Analysing our customer and other stakeholder requirements and to using this knowledge to manage these relationships to deliver increasing value.

 In 2018-19 we will:
 • provide customers with a new online portal to improve their access to data and better understand their water services and usage;
 • strengthen our social media presence, including increasing the uptake of digital communications and engagement with key stakeholders, including the community; and
 • undertake a Customer Survey.

 Process Management, Improvement and Innovation

 We are committed to:
 Encouraging innovation and improvement to all of the processes we use to supply value to stakeholders.

 In 2018-19 we will:
 • implement process improvement plans for our Tier 1 processes, namely Drinking Water Quality, Asset Management and Financial Management.

 Growth

 We are committed to:
 Growing our business by expanding and diversifying our existing water services.

 In 2018-19 we will:
 • meet projected water supply service growth for the Busselton Water Scheme; and
 • deliver our Growth Strategy by progressing selected opportunities.

 Results and Sustainable Performance

 We are committed to:
 Measuring and communicating organisational results and achieving sustainable performance.

 In 2018-19 we will:
 • review all business indicators to ensure continued relevance; and
 • deliver all reporting framework requirements.
Asset Investment Program (AIP)

The following AIP is planned to be executed in 2018-19:

**New trunk mains**  
A program of new trunk mains is planned to meet growth requirements and improve network performance.

**Mains replacement program**  
A mains replacement program is planned to replace ageing pipes.

**New/replacement infrastructure**  
A program of infrastructure projects is planned to address growth, climate change, compliance and asset management drivers.

**Land, buildings and offices**  
A program of improvements related to our land, building and office assets is planned.

**New service connections**  
A provision for expected new service connections has been included.

**Radio frequency meter replacements**  
A program of planned radio frequency meter replacements is proposed.

**Vehicles and mobile plant replacements**  
A program of vehicle and mobile plant replacements is planned.

**Information and knowledge program**  
Continued implementation of our Information Communication and Technology Plan and digital security initiatives is included.

Key assumptions and notes

Growth
Busselton Water has carefully reviewed population projections for the review period and also considered available planning information related to growth in water services.

Investment interest rates
Projections are based on an annual interest rate of 2.56% throughout the term of this Statement.

Consumer Price Index (CPI)
Projections are based on a 1.5% CPI increase throughout the term of this Statement.

Accounting policy
Details of significant accounting policies can be found in the notes accompanying the financial statements in our 2017-18 Annual Report.

Busselton Water’s financial statements are prepared on the accrual basis of accounting using the historical cost convention, except for land, buildings and infrastructure which have been measured at fair value. They are prepared in accordance with the Water Corporations Act 1995 and Australian Accounting Standards issued by the Australian Accounting Standards Board (AASB).

Borrowings
Nil new borrowings are proposed in 2018-19.

Dividend policy
Dividends will be considered in accordance with the Water Corporations Act 1995, Part 5, Division 2, section 79. In line with Government requirement, the dividend rate used in this plan is 85%.

Operating subsidies
An operating subsidy is an obligation to perform functions which are not in the commercial interests of the corporation.

Busselton Water provides these services and is compensated by the Government for the shortfall between customer revenue and the cost of providing the services.

Reporting to the Minister
Reports which monitor our key performance outcomes against the targets outlined within this Statement, along with information on our financial performance, are provided to the Minister on a quarterly basis.

In addition, the Board and Chief Executive Officer advise the Minister of any significant variations in the performance of Busselton Water. Reporting of operational performance to authorities and departments of Government occurs in addition to this reporting to the Minister. An Annual Report is provided to the Minister within the timeframe specified by the Water Corporations Act 1995.

Copies of Busselton Water’s major public documents including the Annual Report and Quarterly Performance Reports can be accessed at www.busseltonwater.wa.gov.au.
