Figure 7: How representative voting works

Value of the Tier 2 CC vote at the Tier 1 CC AGM is 8,000 UE

Step 2: Tier 2 CC Alpha must vote in favour of motion at Tier 1 CC AGM

Step 1: Tier 2 CC Alpha passes ordinary resolution

Tier 1 Community Corporation

Unit Entitlement (UE): 10,000

Tier 2 Community Corporation Alpha

Relative Unit Entitlement: 8,000

Tier 2 Community Corporation Beta

Relative Unit Entitlement: 2,000

Figure 6: Representative voting

If there is a motion to be decided at a tier 1 community corporation (CC), the CCs that belong to the tier 1 CC vote first.

If a tier 2 CC passes an ordinary resolution in favour of the motion, the tier 2 CC must vote in favour of the motion at the tier 1 CC general meeting.

The value of the tier 2 CC’s vote is the relative UE of the tier 2 parcel (tier 2 CC sends a proxy to cast the CC’s vote).

- **Step 1:** Tier 2 CC Alpha passes ordinary resolution
  - **Step 2:** Tier 2 CC Alpha must vote in favour of motion at Tier 1 CC AGM
