applicable minimum on-site parking requirement, in relation to development —

- (a) means a minimum on-site parking requirement that applies to the development (and, if the local government has varied a minimum on-site parking requirement in relation to the development under

clause 77D(1)(a), means that requirement as so varied); but

- (b) does not include a minimum on-site parking requirement that has been waived in relation to the development under clause 77D(1)(b);

minimum on-site parking requirement means a provision of this Scheme, or a local planning policy, that provides for the minimum number of car parking spaces that must be provided as part of development of a specified kind;

parking space shortfall, in relation to development, has the meaning given in clause 77C;

payment in lieu of parking condition means a condition requiring a payment to be made in lieu of satisfying a minimum on-site parking requirement;

payment in lieu of parking plan has the meaning given in clause 77J(1);

relevant payment in lieu of parking plan, in relation to development, means the payment in lieu of parking plan in effect from time to time for the area in which the development is located;

shared parking arrangement condition means a condition requiring entry into an arrangement for shared parking in lieu of satisfying a minimum on-site parking requirement.

77B. Development to which this Part applies

- (1) This Part applies to development in —
 - (a) the metropolitan region; or
 - (b) the Peel Region Scheme area.
- (2) Despite subclause (1), this Part does not apply to development to which the R-Codes apply.

77C. Parking space shortfall for development

If development does not comply with an applicable minimum on-site parking requirement, the ***parking space shortfall*** for the development is the number of car parking spaces calculated as follows —

M – A

where —

M is the minimum number of car parking spaces required to be provided as part of the development under the applicable minimum on-site parking requirement;

A is the actual number of car parking spaces to be provided as part of the development.

77D. Variation of minimum on-site parking requirement in relation to development

- (1) The local government may —
 - (a) vary a minimum on-site parking requirement that applies to development so that the minimum number of car parking spaces that must be provided as part of the development is a lower number; or
 - (b) waive a minimum on-site parking requirement that applies to development.
- (2) The local government must not vary or waive a minimum on-site parking requirement under subclause (1) in relation to development unless the local government is satisfied —
 - (a) that reasonable efforts have been made to comply with the minimum on-site parking requirement without adversely affecting access arrangements, the safety of pedestrians or persons in vehicles, open space, street trees or service infrastructure; and
 - (b) that —
 - (i) in the case of a variation — the lower number of car parking spaces would be adequate for the demands of the development, having regard to the likely use of the car parking spaces, the availability of off-site parking facilities and the likely use of alternative means of transport; or
 - (ii) in the case of a waiver — it is not necessary for car parking spaces to be provided as part of the development, having regard to the availability of off-site parking facilities and

the likely use of alternative means of transport.

77E. Development that does not comply with applicable minimum on-site parking requirement

- (1) Development is not required to comply with an applicable minimum on-site parking requirement if —
 - (a) development approval is not required for the development under clause 61; or
 - (b) development approval has been granted for the development subject to either or both of the following —
 - (i) a payment in lieu of parking condition imposed in accordance with clause 77H;
 - (ii) a shared parking arrangement condition imposed in accordance with clause 77Q.
- (2) The local government must not grant development approval for development that does not comply with an applicable minimum on-site parking requirement unless the approval is granted subject to a condition or conditions referred to in subclause (1)(b).

77F. Imposition of both payment in lieu of parking condition and shared parking arrangement condition

- (1) The local government must not under clause 68(2)(b) impose on an approval of development both a payment in lieu of parking condition in accordance with clause 77H and a shared parking arrangement condition in accordance with clause 77Q, unless —
 - (a) the parking space shortfall for the development is at least 2; and
 - (b) the local government has given the applicant for development approval a notice of apportionment stating that —
 - (i) a specified number of the car parking spaces in the parking space shortfall are to be dealt with by the payment in lieu of parking condition; and

- (ii) the remainder of the car parking spaces in the parking space shortfall are to be dealt with by the shared parking arrangement condition.
- (2) If the local government gives a notice of apportionment under subclause (1)(b), then —
 - (a) for the purpose of imposing the payment in lieu of parking condition in accordance with clause 77H, the parking space shortfall for the development is taken to be the number of car parking spaces specified in the notice under subclause (1)(b)(i); and
 - (b) for the purpose of imposing the shared parking arrangement condition in accordance with clause 77Q, the parking space shortfall for the development is taken to be the number of car parking spaces specified in the notice under subclause (1)(b)(ii).

Division 2 — Payment in lieu of provision of car parking spaces

77G. When payment in lieu of parking condition may be imposed

- (1) The local government must not impose a payment in lieu of parking condition on an approval of development under clause 68(2)(b) otherwise than in accordance with clause 77H.
- (2) The local government must not impose a payment in lieu of parking condition on an approval of development under clause 68(2)(b) in accordance with clause 77H unless a payment in lieu of parking plan that applies to the area in which the development is to be located is in effect under this Division.
- (3) Despite subclause (2), during the period of 2 years commencing on the day on which the *Planning Regulations Amendment Regulations 2020 Part 2 Division 3* comes into operation —
 - (a) the local government may under clause 68(2)(b) impose a payment in lieu of parking condition in accordance with clause 77H on an approval of

development if there are interim parking provisions that apply to the area in which the development is to be located; and

- (b) if the local government imposes a condition as referred to in paragraph (a) — the interim parking provisions are taken to be the relevant payment in lieu of parking plan for the development for the purposes of this Division.

- (4) In subclause (3) —

interim parking provisions means provisions of this Scheme, or of a local planning policy or local development plan, if the provisions —

- (a) are in effect immediately before the day on which the *Planning Regulations Amendment Regulations 2020* Part 2 Division 3 comes into operation; and
- (b) deal with the imposition of payment in lieu of parking conditions; and
- (c) set out —

77H. Payment in lieu of parking condition

- (1) Subject to clause 77G, if the local government grants approval for development that does not satisfy an applicable minimum on-site parking requirement, the local government may under clause 68(2)(b) impose a condition requiring the owner of the land on which the development is to be located to make a payment to the local government in lieu of satisfying the applicable minimum on-site parking requirement.
- (2) The maximum amount of the payment required under a condition referred to in subclause (1) is the amount calculated in accordance with the determination under subclause (4).

- (3) Subclause (2) does not prevent the local government from imposing a condition that requires a payment that is lower than the maximum amount referred to in that subclause.
- (4) The Commission must, by notice published in the *Gazette*, determine the method to be used to calculate a reasonable estimate of the costs to the local government of providing in the area to which the relevant payment in lieu of parking plan applies a number of car parking spaces equivalent to the parking space shortfall for the development.
- (5) A determination under subclause (4) may provide for different calculation methods that apply in different circumstances.
- (6) The Commission may revoke a determination under subclause (4) by a subsequent determination under that subclause.
- (7) A determination under subclause (4) may be combined in a single instrument with 1 or more other determinations of that kind issued under 1 or more other local planning schemes or all other local planning schemes.

77I. Application of money paid under payment in lieu of parking condition

- (1) All money received by the local government in accordance with a payment in lieu of parking condition imposed on an approval of development in accordance with clause 77H must be paid into a reserve account established under the *Local Government Act 1995* section 6.11 for the purposes set out in the relevant payment in lieu of parking plan for the development.

- (5) The local government must repay the money and interest referred to in subclause (4)(b)(i) and (ii) to the relevant payer.

- (a) after taking reasonable steps to find the relevant payer, the relevant payer cannot be found; or
 - (b) the relevant payer is a body corporate that has been dissolved.
- (7) If subclause (6) applies, then despite subclauses (2) and (3), the money and interest referred to in subclause (4)(b)(i) and (ii) may be applied for any purpose that —

- (3) The amendment of a payment in lieu of parking plan does not extend the period for which the plan has effect under clause 77N.

77N. Duration of payment in lieu of parking plan
